# Writing Philosophy: A Student's Guide To Writing Philosophy Essays

## Synopsis

Writing Philosophy: A Student's Guide to Writing Philosophy Essays is a concise, self-guided manual that covers the basics of argumentative essay writing and encourages students to master fundamental skills quickly, with minimal instructor input. Opening with an introductory chapter on how to read philosophy, the book then moves into the basics of writing summaries and analyzing arguments. It provides step-by-step instructions for each phase of the writing process, from formulating a thesis, to creating an outline, to writing a final draft, supplementing this tutorial approach with model essays, outlines, introductions, and conclusions. Skills essential to evaluating arguments, citing sources, avoiding plagiarism, detecting fallacies, and formatting final drafts are dealt with in detail. The final two chapters serve as a reference guide to common mistakes and basic skills in sentence construction, writing style, and word choice. Employing a rulebook format similar to that of the classic *Elements of Style* (by Strunk, White, and Angell), Lewis Vaughn distills helpful writing advice into simple rules that students can easily remember and apply--and that instructors can refer to when reviewing student papers. These rules cover essay organization, sentence structure, documentation styles, plagiarism, grammar, usage, and more. Written in a clear and engaging style and incorporating samples of student writing, *Writing Philosophy* is an indispensable resource for virtually any philosophy course.

## Customer Reviews

Great overview for 100 level students. I used this as a teaching assistant teaching Philosophy 110.

This is a really good book. I bought this book for my Intro to Philosophy class 3 months ago and did not sell it. I am going to keep this book since it's a really informative one. This is not really about Philosophy at all. It is about how to analyze/interpret text, write good essays, make good arguments and identify fallacious ones. So this is a very practical book. It also helps format your essay and cite your sources effectively with the MLA and CMS citing guidelines.

a-

This is a good book to have on the bookshelf and close at hand when writing philosophy papers. Great for beginning students and handy for those advanced students as a review for refining, etc. and reminding. Like new on arrival. Delivery was fast. Highly recommend.

This book provided a great background into the world of philosophy. I have gotten all passing grades on my assignments! This book was great!

A good guide to writing Philosophy.

Purchased this book as a gift. Very informative and easy reading. Extremely pleased with this purchase. Highly recommend to others.

This really explains how and why effective writing is so important, especially in philosophy. I highly recommend this to anybody in academic writing, or personal, or professional writing as a way to improve your skills.
