Too often, greed and materialism can choke out the true spirit of generosity found only in Christ. In this new, revised edition of *The Blessed Life*--featuring fresh stories, illustrations, and testimonials--Robert Morris, founding senior pastor of Gateway Church, examines the true meaning of the blessed life. The enemy wants to keep you from discovering God's principles governing the financial stewardship, giving, and the blessing. Why? Because once you do, it will change every area of your life from your marriage to your health and finances. It will also impact the kingdom of God. What if every needed church facility could be built? What if every missionary could be sent and abundantly supplied? What if the gospel could saturate every culture on the planet? When God changes your heart from selfishness to generosity, every part of your life journey is affected. With humor, passion, and clarity, Robert presents this truth on the pages of *The Blessed Life*.|Robert Morris is the founding senior pastor of Gateway Church, a multicampus church in the Dallas/Fort

Worth Metroplex. Since it began in 2000, the church has grown to more than 36,000 active members. He is featured on the weekly television program *The Blessed Life* and serves as chairman of the board of The King's University. He is the bestselling author of 14 books, including *The Blessed Life*, *The God I Never knew*, *Truly Free*, and *Frequency*. Robert and his wife, Debbie, have been married 36 years and are blessed with one married daughter, two married sons, and six grandchildren. --This text refers to an out of print or unavailable edition of this title.

I am currently deployed overseas. As I watched my home church two weeks ago, Pastor Robert delivered the message. As I listened to his message, I said I need to know more. At the end of his message, our home church Pastor P told us about the book that would be given to every church family. Since I am deployed, I could not get the free book but the money spent was well worth the book. I spend each start of the day reading a chapter. I just finished today and I feel somewhat empowered. I was first caught off guard by the final chapter but the message given there is a question I have always had. I now understand. Read the book. Follow the guidance and listen to The Lord. I will tell you that my finances have never hurt since we became tithers. I was only tithing ten percent of the net but now I give gladly ten percent of the gross. It has yet to negatively impact our house. I am moving to the next level of offerings as we speak. God has always pressed on my heart that when I am in church and have money in my pocket, I should always put it in the offering plate. I have resisted at times but when I get back home, I will give gladly whether it be a dollar or a hundred, I will give freely to God, our precious Father. I have said all this so that you understand that this book helped the father press down on my heart. This book is a fantastic journey to take you to a better place with the Father. Follow it's guidance and be prepared to be blessed beyond belief.

Fantastic book. A kind lady at church snagged me a free copy. Though I'm only 2/3 done with mine, I appreciate its Scripture-based teachings enough that I bought one for a friend. As Mr. Morris writes,

the blessed life isn't about "give to get." You'll find no prosperity gospel here. It's about trusting God financially. The book is rich with stories about God's direction to Mr. Morris and other believers as far as who to give what, and their obedience to Him even when they didn't understand why - stories that tell so much about their hearts of thankful, devoted friendship toward God. From that springs their motive for generosity. I highly recommend this book for every believer!

I really like Morris' teachings. They are biblically sound and simple. That's how is The Word is meant to be taught. Clean & simple so it's easily grasped by the hearer. When he shares the testimonies of his tithing it really make things click for me. It put a spark in my heart to really understand how God uses us to be His hands & feet.

As a pastor, I have to admit that I have feared preaching on giving because of the "stuff" we hear on tv. But I have learned that just because there is false teaching on a subject doesn't mean I should avoid it. On the contrary, I should do all the more to address it in a biblical light. Dr. Morris' teaching on "give to give not give to get" has been an invaluable tool for me to use in training up disciples in giving towards the Kingdom!

I read this years ago, It was so amazing, I gave it away as fast as I could so another could benefit from the wisdom expressed. I purchased again to refresh my heart on the great insight found in this book. If you want to grow in generosity, if your desire is to see God's name lifted high, then this book will certainly point you in the right direction. It is a must read as part of the devotion and discipline of growing in grace. Robert tells it like it is with a generous shake of salt and mercy. The proof is in the pudding...RT

Although I did not agree with everything I read in the teachings of this book, the truth in Mr. Morris's writing stirs the spirit. I encourage all Disciples of Christ to read The Blessed Life with an open heart, and pray for the strength to apply the truth from this message in your walk with Christ. If this happens I truly believe God's children in the pursuit of His kingdom would never have an unmet need.

Cannot say enough about this teaching. It truly is a Blessed Life when you get this message in your Spirit. All of his teachings are rated as high as they can be in my estimation. God has given him such an insight into his messages until they are taken to another as far as I am concerned. It I have about

six of his messages and I would rate all of them the same " as high as they can be rated. "

I wish I had read this book 30 years ago when I started out in ministry! But it's never too late to start living the way Robert Morris outlines in this book, and gone are the days of apologizing for teaching on these life changing truths.
