Customer Reviews

Great book packed with a ton of valuable information. All the chapters are super useful and not wasting your time with pointless information. I really liked tips on standing out by not standing out, or how to write a resume when you are lack of work experience. This guide goes deeper in some smaller details, like what font to use, bolding, italics etc., not using I or ME words and a lot of more. In the end it explains about cover letters, when to and how to write them. After reading this book there seriously aren't things that I wouldn't know about how to write a resume. Great Guide!

If you are trying to get your ideal job or just seeking to find some part-time work, it is very essential to have a flawlessly written resume. You need to stand out from hundreds of applicants on a piece of paper and that can be as challenging as it sounds. A resume is your personal marketing document designed to promote your skills and abilities to a potential employer or hiring manager within about 20 seconds so it is crucial to show them at a glance why you are the best fit. Steve Williams provides us a step-by-step guide to create a winning resume with numerous beneficial tips and tricks to use and mistakes to avoid. It also includes resume and cover letter examples that they might be valuable. I totally recommend it to anyone who would like to write a wonderful resume.

Knowing the do's and don'ts of creating a resume will surely increase your chance of being employed immediately! This book provided all the needed information, the important ones, which are very relevant to an aspiring person. Nice strategies!

Sometimes all we need is some advice and someone to guide us on how to do it properly. Resume is the right book to help us put our best foot forward, presenting ourselves the right way. Thanks for the helpful advice and tips!

This was purchased for my son. He said it give a great insight into what and how to create your resume

This book will help you to avoid some common mistakes in writing a resume. The practical good and bad examples are also very helpful. There are some useful tips on what to avoid in a resume and when to include a cover letter. Overall a pretty good read would recommend.

Has some great tips and templates. Not the easiest to read, but there's a lot of information there and many good points.

The book is good. It gives you some hints on how to write your resume but I think it needs to give more real examples on each tip.
