The Country Fingerstyle Guitar Method
Are you stuck with Country Guitar Finger Picking?
Do you need a way to tackle the essential techniques and vocabulary of Country Guitar?
Do you need to confidently combine country bass lines with rhythm and lead guitar?
Do you want to learn from the undisputed country guitar masters like Merle Travis, Chet Atkins, and Jerry Reed?
Do you want hundreds of Country Guitar licks, tricks and chords to dazzle your friends and enrich your music?
Are you struggling to Master Country Guitar and Travis Picking?
The Country Fingerstyle Guitar Method is the perfect way to master finger picking on the guitar.
Part One tackles the techniques needed to build confidence, speed and articulation when playing Country Guitar.
You will cover the "pinch"™ technique, thumb picks and alternating bass lines, syncopation, articulation, combining chord and bass lines, and soloing while holding down the chords and bass. You will become the perfect Country Guitar all-rounder with an excellent mastery of Travis Picking.
Part Two takes a detailed look at the evolution of Country Guitar Fingerstyle and studies the styles and idiosyncrasies of artists Merle Travis, Chet Atkins and Jerry Reed. Each artist's approach to Country Guitar is dissected and through multiple "in the style of"™ examples.
You will gain great insight into how Country Guitar Picking developed into the virtuosic style it has now become. You will discover harmony, part layering, harmonics, the "claw" • technique, thumb picking, counterpoint, altered tunings and much more.
Each technique and approach is combined into a musical study that gives real insight into the greatest country guitar players in the world, and put you on the way to developing your own unique style.
Here's What You Get:
Over 100 Pages of Country Picking Essentials stuffed with 190 individually recorded examples so you can develop your country playing at your own pace
A Complete Course in Country Fingerstyle " " From first rudiments to advanced techniques teaching you to play the country classics while developing your own personal style

Customer Reviews

Very good book. Takes you from the basics to some pretty advanced techniques. Laid out step by step in a way that's easy to follow.

Outstanding book!!! Really easy to understand and follow!!! Well done !!!!

Concise and clear. A very good educational music book.

Couldn't be happier! I've always been a huge admirer of Jerry Reed's style but there just no decent literature on his style. While this is by no means as dedicated to Jerry as I'd like (perhaps another book Levi?) I'm more than happy with the progress I'm making and my new level of understanding. I was also surprised how easy it was to make my Travis picking skills (which are beginner level at best) sound more like Merle! Another excellent book :)

I love finger style guitar and this is a great book to learn the evolution of Travis Picking, Chet Atkins and Jerry Reed. Start with the basics and add to your technique one step at a time. When you have completed this book you should be able to create your own arrangements using the techniques you like, to give you the sound you enjoy the most. This is a fun book and I am sure that others will enjoy it as much as I am. It is well written and thought out to allow you to learn step by step. I bought the book and not the Kindle version by the way.

I've ordered other books from this company, all have been well written and laid out logically. This book was no exception. And the price is great considering the amount of info you get in it.

Having a great time with this book. The lessons are clearly articulated and build on each other in a very natural progression. I just wish I had more time to get through it faster, but patience is a virtue.

Brilliant book, really clear and well explained. I've personally never had much interest in country music, but this book has furthered my playing in a way I otherwise never would have experienced. Levi Clay did an amazing job with this book, really fun stuff to play and incredibly detailed.
