# Eden's Gate: The Reborn: A LitRPG Adventure, Book 1

## Synopsis

When Gunnar Long is transported into the first fully-immersive virtual MMORPG, he finds himself in a new world filled with magic, mystery, and adventure. No more 9-to-5 job. No more studio apartment. No more reality TV. Finally, he's in a place where he can call home, a place with people he can call friends. But as more people want to trade their real world lives to get inside Eden's Gate, the government of the outside world wants the "game" shut down at all costs. Gunnar must learn to survive, grow in power, and find a way to send a message back to his old home. "We're fine. We're alive. Eden's Gate is real." Eden's Gate is a LitRPG adventure.

## Book Information

Audible Audio Edition

Listening Length: 10 hours and 17 minutes

Program Type: Audiobook

Version: Unabridged

Best Sellers Rank: #91 in Books > Audible Audiobooks > Science Fiction > Adventure #99 in Books > Science Fiction & Fantasy > Science Fiction > Cyberpunk #397 in Books > Literature & Fiction > Action & Adventure > Science Fiction

## Customer Reviews

I really enjoyed this book, the story flowed well and keeps you entertained. There were some grammatical errors but the biggest problem for me was the font size of the character sheet, very small and on a grey background. For a litrpg book it would be nice if you could read the character sheet without having to squint over the top of your glasses to barely read the sheet. But all in all I can recommend this book.

Not a perfect book by a long shot but when compared to most of LitRPG out there it definitely stands out as one of the better ones. Reasons it did not get a 5 star (within the LitRPG genre) rating is due to the MC having a hidden luck stat of 1000, the underdeveloped (not thought out) economy considering the main purpose of the virtual world that should work for quite some time in the future, unbalanced combat/magic system (e.g. the damage ratings on the weapons and spell descriptions

do not seem to behave consistently with the explained world mechanics), etc. Anyway.. worth a read. Helps that the author seems to be a native speaker.

I would like to start off saying that this book is truly great. His writing style is very appealing and draws you in. The storyline is actually noteworthy and makes you question your own choices if faced with it. The only distracting thing was the typos or misused words. Either fire the guy who is prove reading for you or smack him on his head to wake him up. Maybe a few more pages per book would be wonderful too! ;pl recommend reading it even with the typos and such. He is posting updates and has probably fixed them as people noted them.

The hook grabs you right at the beginning and pulls you into an interesting VR world. The fight scenes were well-crafted and I enjoyed all the world building and hints at the next book. I do feel the main character forgot why he was there and didn't stay driven enough for his initial goal, but overall I enjoyed the story and will pick up the sequel when it's released.

Can't wait to read book 2. Thank you for an awesome read and the fantastic journey. (Filler text for the post sorry!)

This series perfectly describes the difference between life on earth and the potential life which could be lived within a man made reality. While focusing on an adventurer named Gunnar the real possibilities aren't made clear until the second book. While i feel the story is progressing a little slowly I cannot wait for each next book to be released. With the detail in the battles and the experience that the characters go through being beautifully portrayed. I wonder how many books there will be, or how far Gunnar will go to achieve his goals. In short Edward write until you are happy with Gunnars character I would be happy with reading books describing battle scenes with your words.

When I first started reading Eden's Gate, I had only read 4 books in the litRPG category. I did not expect this to become my favorite book. The progress of the character, the challenge of the fights, the indecision for world choices; it is an incredibly balanced book and experience. Without spoilers, the world is staged for conflict both on Earth and Eden's Gate, and I love the dynamic and demanding questions of conflict raised around both. Looking forward to starting the book and reading future offerings by the author!

Gunnar isn't a perfect hero, he's not a chevalier, and he's certainly not lawful good: he's a standard guy living in a standard world - until he logs in to Eden's Gate. The writing of this story was enjoyable, quick paced, and believable. I found it true to life, where people make poor decisions, or take their best interest first. It's thrilling, enjoyable, and takes you on a great ride. This is my first read in the LitRPG genre, and I can tell you that I already purchased the second book in the series, and I've grabbed a couple other authors as well. Nice job, Edward. I can't wait to read book 2.
