I bought one of these dictionaries for 2 families where we live in Mexico part time. The parents are trying to learn english, and the children are learning to read in school. This dictionary is great for the whole family. The children look at the pictures and associate them with the words. the parents see the pictures & the words in spanish and teach themselves english. they all loved the book.

My handicapped daughter loves to teach herself new languages, this was a Spanish one she did not have. It will finally give in to her constant turning of pages but other wise it is fine.

I bought it as a cute birthday gift. As a former Spanish teacher, I think this is a great resource for any child wanting to learn Spanish.

My young grand daughters love it.

For my Spanish classes.... THANKS!

Great dictionar!. Good illustrations, great variety on the topics covered.

I am still working on it
