PowWows.com is your online portal for Native culture since 1996. Our goal is to share Native American culture with the world. Explore the rich culture through our photos, videos, calendar, articles and more.

This may not have a lot of pages, but this book is sure to provide hours of relaxing entertainment. In stead of the mandalas and other designs in other adult coloring books you get pages of designs based upon traditional Native American designs from bead work, to rugs to, to ribbon work seen at pow wows. I found it was well worth the money and while some of the designs provide a challenge to complete, the process tends to take me away from daily cares and gives me a time to relax. Well worth the cost.

WOW love it! Perfect gift for Christmas !! Get it for little ones up to grandparents! I share mine with my grandson and my daughter asked for one as well! AND IT BENEFITS SUCH A GOOD CAUSE.

A feel good gift for everyone! Get it , you'll love it!

I've been searching for an adult coloring book that didn't have all the intricate designs and patterns like ones you see on the market. They are obviously designed with the adult in mind. But what about folks like me who want simplicity and wide designs to color in, similar to coloring books we had as children but with an adult theme. The Pow Wow Coloring Book not only offers the kind of spacing I was looking for, but when I saw it was based on Native designs...I couldn't wait to order it and have not been disappointed. I've used colored pencils, and Paper Mate Ink Joy pens (they haven't bled through the paper). Only criticism, I wish they had more Northern designs to color.

My wife was very pleased to get this color book you sure do have my business thank you happy wife happy life

Love the fact that many tribes bead work represented.

Especially for that little Powwow in your life and for expanding the education of Non-Native American children!

Beautiful coloring book- perfect for any age, or one page for each member of the family. From simple to complex, each pattern is unique and fun to explore with color! A holiday gift you can be proud of :)

This coloring book is great. It offers creativity, yet honors the tradition of Native Americans. The pages are colorful, and relaxing to color. I would recommend this to anyone to color.
