Customer Reviews

Created by the editors who produce some of the country's most-trusted brands such as Southern Living and Cooking Light, Oxmoor House offers foolproof, family-favorite, kitchen-tested recipes.

This is an excellent book. The 1-star review by "mar" is completely unfounded. Here are some of the recipes included, and these are just in the first 51 pages of the book. There are 217 pages total, with countless others: Roasted Mushroom and Shallot (contains shallots, chive and onion cream cheese, and Lorraine cheese) Garden Eggplant (eggplant, tomato, red pepper, onion zucchini, etc.) Goat Cheese, Tomato, and Basil Tomato, Asparagus, and Basil (uses pesto instead of pizza sauce) Sunny Side Up (with eggs, spinach, onion, balsamic vinaigrette, etc.) Shrimp Pizza (pesto, shrimp, red peppers, arugula, etc.) Peach & Gorgonzola Chicken (yes, with peaches and chicken, and balsamic

vinegar) There ARE a few basic recipes, and basic sauces. But these are the exceptions. There are tons of things I've never imagined putting on a pizza, and interesting combinations of other things I wouldn't have thought of putting together. The author also includes general advice for pizza making. I bought this book to go along with my Presto 03430 Pizzazz Plus Rotating Oven, and it's been an adventure!

As always, Oxmoor House (Southern Living, Cooking Light) provides a quality cookbook, with reliable and tasteful recipes and a way to include kids' participation.) It is a go-to recipe wonder filled with kitchen-tested good recipes. And everything tastes good so you can relax and enjoy the party!

This book just has very basic recipes for pizzas. And no real instructions on how to make pizzas or on the art of making pizza. An Internet will get you much better results! I returned this book the same day that I got it.

This is a good, easy to follow homemade pizza cookbook. Most kids should be able to make pizzas from the recipes (the hard part for them will be the dough making, but dough may sometimes come from the grocery.) I highly recommend this handy addition to the kitchen.

Giving as a gift. Product appears to be as described, packaging is in good shape and price and shipping were both great.

Bought it as a present - they said they liked it and have tried one of the recipes already!

Given as a gift, and so far, pizza has already been made with the book.
