Customer Reviews

Volume 8 of Monster Hunter Flash Hunter picks up right where volume 7 left off. The entire volume is about Raiga, Torche and Keres hunting a Rathalos and Lagiactus at the same time. As the party struggles against the monsters, Raiga and Keres clearly have a lot of issues with each other. And poor Torche is left trying to make the hunt a success without her teammates destroying each other. The artwork continues to be the highlight of the series. Both the monsters and armor are both gorgeous. Personally the story on the other hand has suffered a bit this volume. But at least everyone wasn't all buddy buddy after their last meeting. With only two volumes left it will be interesting to see where it goes from here.
