have helped millions of Americans. Turn to Nolo for more great information, documents and our unique lawyer directory. When you need us, we'll be there. --This text refers to an out of print or unavailable edition of this title.

Covers a very complicated subject in a little portable book. However, state law is complicated. You can't carry its code everywhere you need but a subscription to LexisNexis and this little book and Nolo's free updates will help.

In this 300-page paperback you can find an overview of major areas of the law, from driving infractions to estate planning to the structure and rules of CA legal system. Most importantly, the book is written in a very simple and easy to understand language and has references to specific sections of the law if you want to go into details on your own.

Helps to understand the law

the Nolo line of Law book are fantastic for non lawyers and a good starting point for lawyers too.-Stefani, J.D.

This was my first experience ordering anything from . What a vast array of items! I ordered Nolo's Guide to California Law from them. The site was very user friendly, and I received my desired item very quickly(within a few days) and with no hassles.As for the book itself, it was very nicely written and gave me the answers I was looking for.

California law issue are addressed in this updated 9th edition of a primer which covers almost any situation, from parental kidnapping to landlord/tenant relations, responsibilities, and common issues. Two attorneys provide the latest facts in language any consumer can readily understand, covering California legal requirements and regulations on employer/employee relations, housing, and private life. An updated 'must' for any interested in California law.Diane C. DonovanCalifornia Bookwatch

While I haven't read all of this book, just sections, its great to have a reference book like this lying around. It covers main legal topic and gives links to other relevant books if I want to explore topics in more detail!The own downside is that it's a bit expensive for a reference book!
