## Customer Reviews

Praise for the World Soccer Legends Series: "These books address a largely unfilled niche: short, highly readable biographies of contemporary soccer stars. The texts are printed over and around voluminous, richly printed photographs and include many pages of scoring statistics and league standings." — School Library Journal "These books are a terrific soccer resource for kids! They combine the best of world soccer along with history, geography and a glimpse at what it's like growing up as a young soccer player in another country. Soccer is truly a global language and these books help American kids speak it fluently. What a great opportunity for young soccer players to learn about their heroes and the legendary clubs of the world. These books are engaging and fun!" — Lynn Berling-Manuel, American Youth Soccer Organization (AYSO) "These books in the World Soccer Legends [series], newly translated into English, will appeal mainly to young hardcore soccer fans. Such readers cannot get enough of the action photographs, copious statistics, and player profiles that fill the books." — Booklist

Great book my son loved it! Filled with tons of pictures and interesting facts. If you're trying to get your child into reading this book will definitely help, my son couldn't wait to start reading it.

My Cousin absolutely loved this book!! He's obsessed with soccer and Cristiano Ronaldo and he lit up when he saw it. I love the fact that it's easy to read and had great photos in there. He's 7 years old and he just can't stop raving about this book. Perfect little gift and at a great price too!

Nice book. beautiful pictures. My son used this book for a biography book report! For a kid who hates to read, it was a nice mix of pictures and facts.

My 11 year old grandson loved the book...
