Title: A Fem's Playground Author: Shatika Turner Publisher: Alana's Book Line (ABL) Reviewed By: Arlena Dean Rating: 4 Review: "A Fem's Playground" by Shatika Turner was a quick read with lots of twist and turns of the lesbian world. You will really have to keep up because you will find there is a lots going on in this novel. As a matter of fact I was left confused toward the beginning of who was saying what on some of the issues that I did stop and re read a chapter, however, I was able to pick up a little more as I got into the novel. You will find many, many betrayals that you will definitely be left wondering is anyone for real? There was so much hate for each other...leaving me only to say

wow that was very cruel. One thing is for sure you will be kept turning the pages to see what was going to happen next because there was so much going on! The characters were all very interesting, colorful, well portrayed and oh so captivating only to give this novel even a emotional read. The characters.. Desiree, Blaze, Shade, Patience, Jah'mere and their mother were all well delivered to us by this author and what a script it was. Be ready for some of it all in "A Fem's Playground" ..hatred, betrayals, back stabbing, cruelty at its highest, some romance and lots of drama. I will say I was enlightened by this read that definitely cleared up some of my misconceptions of this lifestyle. I found "A Fem's Playground" was for me very complicated, however, I am sure for some it is a simple everyday life. I was left at the end of this story wondering what will happen next to Blaze and Patience. I guess I will have to get the next novel 'A Fem's Playground 2: Game Over" by this author to find out.

Let's say this book at me wanting to jump in there and shake some people. Lol I love how she showed all parts of our world. I truly related to Blaze. Because nobody believes there is still good women out there. So you are stereotyped by who your family or friends are. Oh don't get me started on Shade I knew a couple people like her. Ugh Jah'mere he reminded me of my best friend who was murdered. Unlike him my friend had support from me I was all he had. Now for Desiree I hope her ass get caught and they do her in. You never and I mean never portray someone who would do anything for you. Her and shade both need to get it. Anyways Patience that name fits her well. She loves hard but it's the truth. Once someone is scorned as bad as she was. They change and get caught in their own little world. But she's a strong woman deep down and want what any of us truly one. She just can't trust anyone. Until Blaze comes along. Ok enough let me stop. But guaranteed this is a great book. I'm so excited to read the A Fems Playground "Game Over" to see what happens next. You won't be disappointed so go get it and read. I guarantee you will get the second. It a keep ya on your toes kinda book.

This is a excellent book , a page turner!!!! Read it non stop know there is going to be a part 2 can't wait to read it. Great job of writing by the author hope to read more enjoyed this read very much excellent work.

I'm not too sure about this sequel. There were things that just didn't make sense or were left unanswered. Like why did Blaze and Patience act like their lives weren't constantly being threatened? How did Desmond catch AIDS? How was Blaze just showing up in their home. Why is

the world did Jasmeen take the of a girl she hardly knew over her parents? Who proposes at a funeral? I'm just happy it was short so I could get it over with.

This was a great read!!! I can't believe how the people in the book betrayed one another!!! I need to know if Jah'mere made that change in his life!!! Did Patience get Desiree back for the wrong that she did to her? What happened with the cousins Shade & Blaze? Can't wait to read part 2!!! Shatika Turner you did a good job!!!

Enjoyed the plot and the characters, just took a minute to follow the which character is speaking due to how the book was written. I am not a fan of religious anything so if your not into Bible thumping then this book is not for you. I give props to the author but I will not be following her work simply because I hate reading books that preach religion.

This was indeed a good read. The grammar leaves much to be desired but overall the storyline was enjoyable. Patience, Blaze and Jah'mere are characters that I can easily relate to as their stories were very realistic. Unfortunately I felt Desiree was trifling from the get go and low and behold she got hers in the end. I am looking forward to the sequel as I am anxious to see what happens to Blaze and Patience. I am indeed a sucker for love stories and theirs was one of the best that I have read. The story can be seen as complicated yet it is very simple and relateable to everyday life. Good job Shatika!!

The concept is good and reads well but I felt it was a little short and lacked alot of detail
