# My Grandparents Are Special (Let's Talk About It Books)

## Synopsis

This book explores the extraordinary loving relationship that typically exists between very young children and their grandparents. The sensitively written Let's Talk About It Books encourage preschool-age and early-grades children to explore their feelings, and speak openly to a parent or other trusted adult about things that trouble them or are very important to them. Each title discusses a particular concern that children often encounter in the course of growing up. All books in this series have appealing color illustrations on every page, and are available in both English and Spanish language editions. A short section at the back of each book offers advice to parents.

Shipping Weight: 6.4 ounces

Average Customer Review: 5.0 out of 5 stars 1 customer review

Best Sellers Rank: #2,051,908 in Books (See Top 100 in Books) #20 in Books > Children's Books > Education & Reference > Reference > Citizenship #151 in Books > Children's Books > Geography & Cultures > Cultural Studies > Sociology #3050 in Books > Children's Books > Growing Up & Facts of Life > Family Life > Multigenerational

## Customer Reviews

Kindergarten-Grade 2 "In the first title, a boy tells about his special relationships with his grandparents and great-grandmother. First, he tells of the joy he experiences when he and his grandparents ride bikes, play tag, fly kites, and so on. The tone changes as the child describes his great-grandmother, who is not so active. In addition to didactically stating that as grandparents age, "they'll still be the same on the inside," the text says, "Grandma and I will always have fun baking cookies together |." But what about the grandparent who suffers from a stroke or other debilitating illness and cannot make cookies or talk, or even recognize her grandchildren? While the book fulfills its purpose of showing the importance of senior family members, it is also preachy and not entirely

realistic. Roca presents short vignettes about shy children, giving simplistic solutions for the scenarios. The text jumps from topic to topic: What if you're asked your name, or you want to make a new friend, or the teacher wants you to read aloud? The last page is perhaps the most valuable part of the book: parents are given suggestions to help youngsters overcome shyness, but this same advice is available in other sources. Both titles have bright, cartoonlike illustrations.â "Wendy Smith-D'Arezzo, Loyola College, Baltimore, MD Copyright Â© Reed Business Information, a division of Reed Elsevier Inc. by Jennifer Moore-Mallinos Paperback, 32 pages Published 2006 by Barron's Educational Series ISBN-13-978-0-7641-3506-4 ISBN-10-0-7641-3506-6 Book Source Bought 4.5 stars Book Overview from : This book explores the extraordinary loving relationship that typically exists between very young children and their grandparents. The sensitively written Let's Talk About It Books encourage preschool-age and early-grades children to explore their feelings, and speak openly to a parent or other trusted adult about things that trouble them. Each title discusses a particular concern or anxiety that children often encounter in the course of growing up. All books in this series have appealing color illustrations on every page, and are available in both English and Spanish language editions. A short section at the back of each book offers advice to parents. Mary's Review: I really enjoyed this children's book. As it has said some of us only have one grandparent, some of us have two or more grandparents and some of us like myself, do not have any grandparents. Whatever the case may be, grandparents are special people who teach us many different things like traditions. They play with us and tell us stories and help us to remember who we are. It also lets us know that some day as our grandparents get older we will eventually be the ones setting and teaching the traditions. There is also a page at the back of the book especially for parents to help tell them the importance of grandparents and great-parents and how this book can be used interactively. This book has some very cute and colorful illustrations done by Marta Fabrega. About the Author: Jennifer was born and raised in Toronto, Canada, but is currently residing in the Chicago land area, with her husband and three children. Jennifer graduated with a Bachelor of Social Work Degree from Ryerson Poltechnical University in 1994. Jennifer worked as a Child Welfare Social Worker, investigating child abuse allegations for more than 10 years. Jennifer began her writing career in 2001 and is still writing today. Jennifer writes non-fiction childrens books that focus on family situations, life skills, development disorders and everyday situations. Working as a social worker, Jennifer was able to work with many children and families, and therefore saw a need for literature to be made available to families on topics that matter to them most. Jennifer's

books are written in 10 different languages and are available all around the world!! Jennifer enjoys all sports, reading and spending time with her family." see full review at Little Red Reads" [...]
