Customer Reviews

Great synopsis of the Cars 3 story. The pictures are hand drawn and not renditions of the actual movie scenes, which doesn't bother us at all. I was just sad that we got it before seeing the movie, which gave away the story.

Excellent book for kids who like the Cars Series.

I purchased this Cars 3 Little Golden Book storybook for my grandson who is not quite four years old. He now wants paper books and Little Golden Books are the perfect step up from board books. I

bought it a week or so ago but wanted to wait until after he saw the movie to give it to him. He saw it on opening day (Friday) and I gave him the book the next day. He loves it! I haven't seen the movie yet, so he read the book to me and embellished the story with what he had seen in the movie. He is already wanting the DVD of the movie so until that is released, having this book lets him relive the story. The illustrations are fun and different from other Cars books that we own (from the first two movies) and that adds to the appeal for us.

My three grandsons who are the same age love Cars. They love reading the stories as well. I like that they have another way to enjoy the series.

Cute book and I assume a decent summary of the new movie. Great for a cars enthusiast.

Perfect for cars fans. Helped us get ready for the movie

My grandson LOVES Cars
