Cuddly Crochet: Adorable Toys, Hats, And More

Synopsis

Looking for a great gift for a special youngster? Choose from 10 adorable stuffed animals and pair them with 10 practical items such as blankets, hats, and bibs for the perfect baby-gift combo. How about a kissable koala wrapped in a blanket--or a huggable mouse paired with a baby's bib! Each toy--including a cool truck--is the perfect size to be carried and cuddled by toddlers. With patterns just right for the novice, this book offers plenty for crocheters of all levels.

Customer Reviews

Stacey Trock has compiled 10 crochet stuffed animal patterns with a complimenting item for baby, hats, blankets and more. Stacey's animal patterns vary from amigurumi knitted dolls and stuffed animals in size. Her animals are larger and have more cuddle power. She has created this book from a mother's point of view. She highlights a safety warning and alternative for eyes and nosepieces for children under three. She also addresses stuffing guidelines, on what not to use. The patterns suggest using acrylics and superwash wool yarns and those made from plant fibers. With a mother's busy schedule, there is no need to worry when they get dirty. You can throw them in the washing machine. There is an easy Hoodie Bird Blanket made from the single crochet stitch. The Sydney Snuggly Penguin and the Polar Penguin Hat compliment the blanket. There is a Tammy the Teddy Bear--who doesn't love a teddy bear-- with a Striped Bear Blanket. A bunny, pig, cat...are all patterns with blankets, hats and a bib or two to match. Most children have a favorite stuffed animal. Make one of these for your little one or as a gift. I particularly liked her blanket patterns. They were

attractive and looked cuddly, with a touch of different. Martingale & Company, the publisher of Cuddly Crochet, is offering free desktop wallpaper of Cuddly Crochet. --Paula Moliver, Hartford Knitting Examiner

Stacey Trock is the designer for FreshStitches Amigurumi, an exciting place where her stuffed animal creations live very happy and fulfilling lives. You can read all about them on her entertaining blog (see link below). Although she has an affinity for stuffed animals, she occasionally gets involved in other fiber projects, including knitwear design. Aside from designing, Stacey is a blogger, knit/crochet teacher, and yarn-store employee. She enjoys baking, practicing yoga, watching sports, and traveling.

My husband bought this book of patterns as my Christmas gift the year our first Grandchild was born. I had not crocheted for many years. The patterns were well explained and I not only made a hat for our Grandson, but continued to make hats for babies who were born to my adult children's friends. I loaned this book to a friend and did not get it back, so I bought another one for myself. I also bought Stacey's Crocheted Softies, a crochet pattern book of animals.

Thank you it was very helpful.

Great book of crochet for beginners and advanced alike!

Made the mouse. I liked that the back stitches makes a toy that will hold its stuffing. Great-grandson "adores" it, his mother reports. It was fun to make. Wish there was more variety. Other books have "cute and cuddly animals from around the world" but patterns are not nearly as clear or practical. Hope this author will be encouraged to create other patterns.

Used book but good as new! Easy to follow instructions. Adorable little animals.

With all of the reviews, I expected more from this book. There are a few cute projects in it but not enough for me to keep it. I have some experience with making dolls and animals and these were just not quite what I was hoping for. I recommend using the look inside feature and making sure these are the style of projects you are interested in. I did like the bibs and the bird blanket is very cute, but on the whole I don't see myself using it much to make anything else. The projects do look

easy and if it is your first venture into amigurumi it may be exactly what you are looking for.

if you want to wow people with your crochet talents then this is a good book. All the hats are easy to make. The stuff animals are cute and quick to make. I found nice eyes for my animals at ebay. I made the bird hood blanket, and I got so many compliments. Overall this is a must have book for crocheters.

I am super excited to start making stuffed animals. The patterns are easy to follow and pictures make you want to make everything!
