Writer and photographer Nicholas Gill is based in Lima, Peru and Brooklyn, New York. He travels extensively throughout Latin America and his work appears in publications such as the New York Times, Wall Street Journal, Bon Appétit, Draft, Saveur, New York Magazine, and Roads & Kingdoms. Travel writer/editor Caroline Lascom has spent over a decade living, working, and traveling in Latin America. She has written and contributed to more than 25 guidebooks for market

leading publishers in the US and UK and is a regular contributor to travel websites, blogs, and print publications. As well as being the co-author of Frommer's Colombia (2016), Caroline has also penned chapters for Frommer's Chile. She is based in Chicago.

This book is hastily written and doesn't seem to have been properly edited. It's one thing to have typos, it's another to have inconsistent travel information in different parts of the book. For instance, the majority of a suggested one week itinerary is spent in a national park that is revealed in chapter 6 to have been closed to visitors since 2013. The city maps are also basically useless: they don't show the neighborhoods defined in the chapters and have too few streets labeled to use them for directions.

Did everything expected of it. Covered all of the major tourists sights. It was an enjoyable easy read. Chock full of good solid facts.

First Frommer's guide I have used - it was very easy to navigate, up to date, and interesting historical facts and background integrated with the sights text. Recommendations for places to stay and eat were spot on.
