Customer Reviews

A daddy bunny plays with his baby bunny and says, "What will our baby be when he grows up?" Everyone, from the baby's mother to big sister to Great Aunt Bunny, seems to know: a clown, a policeman, a candy store owner. But the baby only nibbles on his carrot and looks wise . . . for he knows he will grow up to be a nice daddy bunny!

Patsy Scarry was married to Richard Scarry and wrote many Little Golden Books. Richard Scarry is still one of the bestselling children's illustrators of all time.

Very cute book. The entire family thinks about what baby bunny will be when he grows up... but baby bunny just smiles because he knows what he wants to be.... a good father just like his dad. =) Illustrations are wonderful though the clown was a tad scary.

We actually love this book. The pictures and content area great. And it arrived in great condition.

I was thrilled to see this book is back in print. I remember loving it as a child, and I love to read it with my kids (ages 4 and 2). I also bought it for my 18 month old niece for Christmas and it brought back memories for my sister. The story is a heartwarming tale of a rabbit family imagining what their baby will grow up to be. The illustrations are fabulous and I recommend it to anyone with a small child.

Great book for kids !!

LOVE this book! Really good story with wonderful illustrations. Fun to read over and over again with a great message. Beautiful prose.

Purchased this and other Little Golden Books for the library in the village I volunteer in Ghana. I grew up with these books and wanted to share them with the children who have not been exposed to them. I know they will like them.

My kids love this story. The illustrations are lovely, and I appreciate the rare bit about being a dad being seen as just as important as being a mom.

Love this book and all books by thus author. I originally got it for my son who is 7 because I had this book when I was a kid and I loved the story abd drawings. There is an added bonus though because he likes it so much he can practice his reading with this book. It is not a beginner reader, has lots of words and many that are more unfamiliar words that aren't in all the beginning reader books. Very helpful and fun.
