24 fans will love this book with great pictures from the two seasons and interesting extra information as well as a full break down of each episode. It might be helpful to note that there are no 'behind the scenes' pictures, but you do get lots of information about how they cast the characters, funny things that happened while shooting and the actors' and directors' take on how things worked out.

A must for any die-hard 24 fan.

Great book... lots of supplemental 411... important to have when starting Season 3... for those who haven't caught up.

I am a huge fan of "24" and I collect 24 merchandise. This guide does a great job in breaking down each episode. It gives you all the major points you need to understand. When I ordered this book that's what I expected. However, I didn't expect all of the extra content. The first 28 pages are full of behind the scenes info about the shows conceptual design and how it was created. There are interviews with the shows producers and with Kiefer Sutherland himself. I highly recommend this to any fan of "24". It is a must-have.

Great series

I actually advise you buy this alongside the two seasons because it provides you with spoiler-free information hour by hour, it's a great read, giving you lots of interesting facts and is filled with tons of large colorful pictures.

I love the pictures! This is a must for 24 fans, or anyone who likes Kiefer.

This book is full of great photos and a real treat for 24 fans. The entire book is mostly photos and arranged by season. There are photos from the show and off set. I loved it and think that all 24 fans would enjoy it.
