Bought for my ten year old son. He loves the books. According to him they are just as good as diary of a wimpy kid.

Bought these for my 8-year-old son at his request. They arrived on time and in good condition. They are not my favorite kids' series, as I find the main character Nate to be a bit sassy and sarcastic, but it's one of the few book series that my son will actually carry around with him and read by himself with no prompting.. in the car, in the waiting room, or just curled up on the couch on Sunday morning.

Great books for kids. My nine year old grandson loves the Big Nate books and he was as excited over the books as his toys. I'm thrilled to find books that kids enjoy but aren't full of super heroes or violence. If you're looking for books that will gets kids interested in reading, try these.

My child was disappointed that the comics in these particular books were not in color like our other

Big Nate books, but still great books nonetheless!

My 7 year old loves Big Nate. He reads them in about a day. I can't get them here fast enough for him.

I bought these for my 7 year old. He absolutely loves these books. He wants me to get books 4 and 5. Good way to get your child into Chapter books.

I purchased this as a gift for Christmas for a 7 year old boy who was a fan of the Diary of a Wimpy Kid series. This series also includes drawings inside almost like a comic, but not quite. As a librarian, I knew that this series was hugely popular and hard to keep on the shelves, so I figured I couldn't go wrong and I was right! The mother of the boy told me he loved all 3 books and has since purchased or checked out the other titles in the series.

I've bought this twice now, so I better leave a review. My 9-year old loves these books. He loves comics and graphic novels and the funnier the better. He went through them all in a few days and we're buying it for a friend now who is a struggling reader hoping to light a spark.
