Pretty nice art/coloring book. Would buy again for a friend or as a gift.

Nice paper, great detailed images of a variety of armor and weapons. Beautiful full color HD pictures in the back.

This is such an awesome coloring book! I honestly expected about 10 pages of okay-ish art, but this is so detailed and it seems like there has to be at least 40 or 50 pages of unique coloring pages. There doesn't seem to be duplicates at all. I am already ordering another to send to my nephew! This is great for any fan of the game regardless if they like coloring or not.

High quality paper, 80 pages of varying complexity, highly recommend for all destiny fans

Took this to kinkos had copies made of each page and made into a spiral bound coloring book didn't want to ruin the beautifully made coloring book! This is surely money well spent in my opinion!

Great if you're a Destiny fan . Lots of images of not just armor and guardians but vehicles and weapons too. There's also a nice little section in the back of artwork . Really happy I picked this up .

Super high quality, thick pages with some full colour art at the back.

Double sided pages which practically ruin this for me, pages don't rip out, paper is cheap quality compared to other coloring books, pages look yellowish, graphics are blown up and look way out of proportion to be realistic at all. Waste of money and my time. Highly dissatisfied and disappointed.

-Long time Destiny/coloring book fan
