Customer Reviews

This book is more of a thriller than a romance. As the subtitle points out, it's more about the death of the stalker than it is about the romance between Frankie and Carrie. Of course, if I were writing it, Carrie would be named Johnnie, because I just can't resist a musical allusion. The really cool part is the way Frankie defends herself and her property. I would like to have seen more details of the traps she and Gerry set for the stalker. And the stalker was two-dimensional most of the time, although

there were a few scenes where he actually interacted with secondary characters as a real person would have. The stalker is a boogie-man, as all classic horror/thriller demands, so it would never do to make him a real three-dimensional character. Even without Ms MacLeod's patented romance scenario, this is a well-written and exciting story. The protagonists endure the anxiety of being stalked and attacked, but their courage and determination are enough to win the day. It's an up-beat story for a thriller, and I loved it.

I really loved this novel by Ms MacLeod. She really knows how to entertain with a well written story. Carrie found herself fleeing from a stalker. In trying to give him the slip Carrie ends up in a snow storm with her car in a ditch. Fearing her stalker will find her she starts running through the woods. As if things are not bad enough she runs into a wolf pack. This is when Frankie and her two dogs, Rick and Jane enter the story, now it is up to you to buy the novel to read the rest of the story. Hope you enjoy as much as I did.

I bought this book just after midnight this morning and by God it is so well written, the character just draw you in. I couldn't stop reading till I was done. It does make you wonder are there really errors like some in this book taking place in the real world. I so enjoyed reading this. Excellent job ladies, and yes I bought others too.lol

Was a very good book, well written,,,kept my attention thru the book,,, am looking forward to reading more from both these authors,,,,

I have enjoyed all of Prudence MacLeods books and have looked forward to a new lesbian themed book from her. She didn't disappoint and I liked the characters and the story.
