Customer Reviews

I first checked it out at the library and it had so much great information on growing and using herbs for my state of OR. that I immediately ordered my own copy and will cherish it. This book is filled with excellent information and ideas for using herbs. Full of color photos. I wanted to buy one of every herb listed in the book. I love it!

A very imformative book about the growing seasons of all the plants listed. In addition, there are pictures of each plant and detailed information on soil types.
