Entertainment > Puzzles & Games > Crosswords > Crostic #111768 in Books > Deals in Books

## Customer Reviews

Not very happy with the format of this book. Numerous pages are blurry and the font is way too small. I prefer Dell Acrostic but wanted to try something new. What a disappointment!!! I will not purchase again.

This is my second super crostics book and I love working the puzzles out and learning the answers to the various questions. I may google the question or look up the answer in the dictionary if I know the word but not sure of the answer. Whatever I do I learn and enjoy the search.

The pages were not scored (as stated in the book), and they cannot be torn off as the puzzles are finished, without ripping them out. Also, the print is extremely small and sometimes hard to read.

So far, I have found numerous errors. Not alternative spelling but ERRORS. I still will do Middleton acrostics but on some things he's just plain wrong.

Some of the best, toughest acrostics yet.

I love the crossics in this book! They're hard enough to keep me engaged, but I rarely have to give up on one of them. My only complaint is that the print of the text is often not clear enough for me. Numbers like 6 and 8 aren't clear, and letters like Q and O are hard to distinguish--so I have to be extra careful when doing the puzzles. They are challenging and interesting enough to keep me involved regardless of the printing difficulties.

Crossics are my favorite puzzles and the variety puzzle books never have enough of them. This collection is a real bargain and will bring me many hours of pleasure and mental exercise!

I enjoy all my acrostic books. When I was very sick many years ago, they saved my sanity. I would sit at my kitchen table. In the middle of the night and do my acrostics until I could take my next pain medicine. You have no idea how much they helped.
