Super cute book for small kids. I downloaded this book for my youngest to read as part of a busy bee reading program. He was able to read it by himself and without help from myself. If you are looking for a short story for you little one to enjoy reading this is the one for you. It will help promote a happy child, build confidence, and build reading skills in younger children.

My 8 year old daughter read the three books in this series and really liked them. They were a pretty quick read for her though, I think she read them all in one day.

I thought this was a good book because it is like a mystery kind of bookI recommend this to someone who like mysteries. I think you should totally get this book!

I laughed so much in the Pizza Party, I couldn't wait to read the Enchanted Lipstick. I have one word to describe this book: HILARIOUS!!!

Our terrier mix is named Cutie Pie and we have always nicknamed her "Cutie Patootie". When my 7 year old grandson wanted to see what books were available for kids on Kindle; he wanted to download the Cutie Patootie Land books. So far, he has really enjoyed them.
