Women Of The Bible: A One-Year Devotional Study

Synopsis

Bestselling, updated, and expanded devotional study, *Women of the Bible*, by Ann Spangler and Jean E. Syswerda, focuses on fifty-two remarkable women in Scripture—women whose struggles to live with faith and courage are not unlike your own. Special features in *Women of the Bible* include: • A list of all the women of the Bible • Timeline of the women of the Bible • A list of women in Jesus' family tree • A list of women in Jesus' life and ministry

Vital and deeply human, the women in this book encourage you through their failures as well as their successes. You'll see how God acted in surprising and wonderful ways to draw them—and you—to himself. This year-long devotional offers a unique method to help you slow down and savor the story of God's unrelenting love for his people, offering a fresh perspective that will nourish and strengthen your personal relationship with him.

Okay, so Book Gnome is a guy . . . But I bought this devotional for my wife and was intrigued enough with some of the entries to start using it for our morning devotions. I've been impressed by the author's ability to include the most unlikely and briefly-mentioned women in the Bible, and manage to build a reasonably relevant chapter from each. That was totally unexpected. For those more familiar Bible women, the author often provides a bit of literary (but reasonable) license to make you see them in a new light, and asks questions you never thought of before. With over four decades of Bible stories and a couple years of Bible college under my belt, it's extremely refreshing to get a new perspective on many of these old Bible stories--a reminder that you should always be ready to learn something new from the Bible, even from the most familiar of passages. One of our favorite sections of each chapter is "Her Life and Times," which provides historical perspective of Biblical history and customs that enrich each story background. Of course, the target audience doesn't include manly Book Gnomes, so there are plenty of "How do you think she felt?" style questions, but there's also very solid teaching and real thought-provoking material here. This is a great book (in any format--we have the Kindle version too) for any women's group, but might also work for other Gnomes willing to wander with their significant others into touchy-feely territory.

I learned a lot about women's roles in the bible and how influential they were. I learned that there are many strong women in the bible that you don't hear a lot about. This book was very thought provoking. The stories of the women in the bible are stories everyone should know. You can learn a lot by reading them as I did. I would recommend this book to anyone man or women who is religious or spiritual. I think everyone can learn something from this book. I believe everyone should read it.

A very interesting approach to exploring women in their biblical settings. It provides excellent scripture references and good study guides. Each woman is highlighted in her various attributes, challenges and accomplishments. And each of their lives is also narrated, like a very personal short story. This is a good devotional book but I enjoy it more as a group study.

I have enjoyed learning about these ladies. Enjoyed the Bible scriptures that relates to each one. The explanations seemed so real, almost like you were right there. It helped me see things that need to be changed in my life and how I can have a closer walk with God. Sorry to see it end. Men of the Bible will be next read.

LOVE this book and study. It is a great Girl's group study because each Women is a separate chapter. The book has many great insights to women of the bible and uses scripture and a story like format to bring back into that time. I love the study points, scripture references and prayers at the end of each chapter. The book can be used individually as well.

I really enjoyed this book, I think in order to be a Godly woman, we should follow, examine and understand the women of the Bible, this book breaks down the main points about each woman (good and bad), and it creates a scene around biblical facts. She often suggests for you to follow along and provides the bible verses, she also includes a prayer at the end of each woman. I learned a lot about the bible that I didn't know before, because not only does it talk about the women of the bible, it also talks a little about their husbands or relatives, which is very helpful to understand their individual stories. This is a book I highly recommend for any woman wanting to know more about God, and the kind of plans he has for us. The importance of being patient, putting God first, be obedient, and overall put our trust in him!!! :)

I guess it would be great if I could get the correct book. I ordered the hardcover 2x's and keep getting the softcover. What's wrong?

I am really studying this book as my daily devotions, and can say so far I have been blessed, as I learn of the many women, just like so many of today's women who can't wait for God to work in their lives. However, I am thankful that God's promises are true and time and time again, throughout the ages he has proven that he will not withhold anything good thing from us.
