## Synopsis

"A snarky, action-packed, and entertaining read!" - Betwixt the Pages "I am in love with Pandora, she is badass!" - E.A. Walsh "A story of teenage love, betrayal, double crossing and danger..." - Splashes Into Books

Even the hottest love can turn a girl cold-blooded... Don't miss FROST, a fantasy romance from bestselling author Kaitlyn Davis that twists vampire lore and ancient Greek myths into an intense paranormal adventure! Life's tough for a vampire thief on the run--just ask Pandora Scott, she knows. Four years ago she ran away from home after everyone she loved betrayed her. But now her annoyingly grown up (and handsome) ex boyfriend is stalking her, begging her to return. A mysterious vamp with a particularly dangerous (and sexy) stare keeps popping unexpectedly into her life. The extremely powerful head vampire of New York is hunting her down because she may (or may not) have broken into his highly-secure, highly-secretive personal vault. And the fate she's been trying to outrun? Well, it's about to catch up. Because even a super-speedy vamp with the ability to disappear can't escape her own destiny. A brand new spinoff to Midnight Fire, a bestselling series with over 200,000 copies sold and over 5000 5-star reviews on Goodreads! Fans will enjoy special appearances from Kira, Luke and Tristan while falling in love with the new characters and new adventure of Midnight Ice. \*Please note, you do not need to read the books of Midnight Fire to enjoy Frost (Midnight Ice Book 1). They are two standalone series with character crossover.

## Customer Reviews

I was lucky enough to be gifted an ARC of this novel, the start to a new series and one that I found an enthralling read. The heroine is Pandora Scott. She finally ran away from her home four years ago, leaving behind the titans with whom she'd never really felt she fit in with. The only person she had really related to there was her ex-boyfriend, Jax, a tracker who has now found her again. She's changed dramatically since she left, she's now a vampire who has upset many very powerful vampires as she used her ability to disappear and become one with the shadows to enable her to steal some of their priceless artefacts before releasing their captives . . . . Now, fate is catching up with her. Can she keep herself safe? Why has Jax come for her now? Can she protect him from her vampire enemies? This is a fast paced, action packed paranormal adventure featuring vampires, conduits and titans. Apparently it is a spin off from an earlier series but I can vouch that you don't need to have read that series to enjoy this novel. Having said that, I may well look it up once I've lowered my tbr pile! If you enjoy reading about people with very different paranormal skills involved good v evil battles with hidden agendas, like me you'll also probably love this story, too!

Pandora is a heroine that is betrayed by everyone. I am really interested in what is going to happen to Pandora. Cliffhanger alert, but I will forgive it because I really want to know what happens to her. some spoilers: Jax is manipulative bastard, it would have been kinder to simply kill her than what he did to her. I think I have a few guesses on what is going on with her, Jax, and the titan society she grew up in, but that is no excuse for what her parents and everyone that should've helped her have done to her . The titans or false heroes as I'd like to say. How the titans treat her and what Jax ultimately does to her is simply put evil. I'd be surprised if Pandora ever trusts anyone again. Jax can rationalize all he wants, but he doesn't love her. If he did he wouldn't have done what he did to her at the end. In fact I hope Pandora brings down their society because they don't deserve their powers for all of the abuse they did to her.

A wonderful story of supernaturals that shows that the presumed enforcers of good are not always the hero's we are led to believe they are. As one of their own has to run for her life, only she can't remember why. An adventure to learn the truth and try not to die physically and emotionally. A fast pace with a lot of detail. I very much enjoyed this book.

This is a very good book. Lots of action, mystery, vampires and other things. Good story line and great characters. So grab your copy and enjoy reading.

Loved the storyline and characters. It had a twist I wasn't expecting, but was a great book that I couldn't put down. Can't wait to read the next one.

I love Pandora's story, and I like Jax a little. Love all of the characters and their abilities. I strongly recommend this book....you won't be sorry.

(I voluntarily reviewed an Advance Reader Copy of this book)When I finished reading this book, I dropped my kindle (may have slightly tossed) and said to my roommate.. "It's over... it end on a cliff hander, what the hell.!" My heart might be slightly damaged. I was not expecting that plot twist.I am in love with Pandora, she is badass! I love how for the most part she repeatedly kicked Jax's ass. He deserved it, at first I felt sorry for him, but after the nuclear explosion that was the ending, I hope she rips his nuts off. And believe me, I was on his said for a bit, I totally bought into why he though she turned, but damn it, holy hell, Pandora had a right to run, to get away. Jax, I hope he meets a very bloody end.Apart from me picking up what's left of my heart, this is an astounding work of fiction. I was drawn in from the start, I took my time reading because this is a short read; that and, this being an ARC I'm going to have agonize over having to wait that much longer for the next instillment. I need to know what happens!!! Aside from that pain in the ass, the plot is solid, the tone is light but dark at the same time. We're give action, blood, and theft; mix with a some witty banter and of course Pandora's vexing why of dealing with her emotions. (I'm not a fan of the running, though I do get why).The pacing is fast, with just enough of a lull to get some background and some gushy romance. The battle scene's... Ah... be still my beating heart!There is so much I can say about this book, so much I can try to explain as to why I believe you should read this book. So I'm not going to keep this long, so take my word for it. Read this book, it is something special, something much more then your typical vampire romance.I highly recommend this book. Pandora is the MC you've been waiting to read about, she has broken down walls I didn't even know I had up

regarding urban fantasy. I have a new love for it, and I believe you will to.Happy Reading-E.A.
