My work team gives this as a gift when we travel overseas for meetings. It's a good mix of rural and urban life in Arizona, which is what we needed. Most photo books about Arizona show all rural scenes, none of the thriving cities and towns. For our purposes, showing Arizona's modern, high end architectural, and urban cultural sides are important as well. This book was the best we could find for this. In hard back, it makes a nice gift!
