Customer Reviews

Great advice for experienced and newbies alike. I appreciated the humor and directness of Kylie's writing in this precise and fun approach to wellness. As someone who reads up on and follows a wellness based lifestyle already, some of the suggestions are not new to me, but I appreciated the reminders all the same. The chapter on eyesight is intriguing and something I plan to implement as my 40-something eyes are starting to change. Overall, a well-covered range of ideas are given and explained. Recommended!

I love Kylie's book. It is very easy and simple to read. Has some humor and I loved the affective exercises that are contained within. ! I never thought about them before and I could use them now!

What a brilliant idea! Kylie is both practical and compelling and gives the most amazing ideas for how to look and feel 10 years younger. What I like the best is the 'try it on' approach. Try them all and see what fits. Some will work better than others and that's ok. Just get started and turn back the hands of time.

I have been moving towards most of these ideas and now I feel that I am on the right track. Thank you.

A great book full of simple advice. We can all find something in this book that will make a difference in our lives.

This is a book to really help you stay young and healthy. Can't wait to start doing these things. One

or two at a time will get me through all the suggested treatments. At 65 this will certainly be a test, but I believe in the book ideas. Many I have never read about. So exciting!

Most of the tips were not new, however I liked that I can easily incorporate some of the suggestions into my life without spending much time or money. She suggests readers pick out what would be of personal benefit without the expectation of all or nothing. She did not maintain the same format towards the end of the book and got off track by her interjection of moral beliefs important to the author.

Imagine feeling and looking youthful, vital and 10 years younger. 48 year-old Kylie knows a thing or two about the secret elixir of youth...Based on years of personal research, client feedback & experimentation, best-selling author, naturopath and health coach Kylie Ansett answers the question; What is the secret to looking and feeling younger?
