# Serpent Of Light: Beyond 2012 - The Movement Of The Earth's Kundalini And The Rise Of The Female Light, 1949 To 2013

## Synopsis

Every 13,000 years on Earth a sacred and secret event takes place that changes everything. Mother Earth's Kundalini energy emerges from its resting place in the planet's core and moves like a snake across the surface of our world. Once at home in ancient Lemuria, it moved to Atlantis, then to the Himalayan mountains of India and Tibet, and with every relocation changed our idea of what spiritual means. And gender. And heart. This time, with much difficulty, the "Serpent of Light" has moved to the Andes Mountains of Chile and Peru. Multi-dimensional, multi-disciplined and multi-lived, for the first time in this book, Drunvalo begins to tell his stories of 35 years spent in service to Mother Earth. Follow him around the world as he follows the guidance of Ascended Masters, his two spheres of light, and his own inner growing knowledge. His story is a living string of ceremonies to help heal hearts, align energies, right ancient imbalances, and balance the living Earth's Unity Consciousness Grid-in short to increase our awareness of the indivisibility of life in the universe. We are all-rocks and people and interdimensional beings-one!" Life may seem to be business as usual, but it is not. We are changing fast ...Remember this for life is going to present stranger things to you in your lifetime, and they all have meaning and purpose ...Only Mother Earth and ancient Maya know what's going to happen." - from "Serpent of Light". \*black and white photographs included

## Customer Reviews

"In *Serpent of Light*, Drunvalo Melchizedek tells the story of indigenous people around the world creating ceremonies to relocate the kundalini serpent to the high Andes Mountains in Chile, an event that happens every 13,000 years. Spiritual ascension will only come to our planet if men and women are totally integrated and balanced, and during this next cycle, women will be the leaders. Drunvalo was chosen to share in critical ceremonies that were created to empower women because he is a man who dwells totally in his heart and truly respects women. As a female ceremonial teacher during these same years when Drunvalo was creating beautiful ceremonies within many of the same sacred sites with the people, I can say that Drunvalo speaks the truth. He offers as much closely held information as is allowed, so there is significant indigenous knowledge in this book. Drunvalo is a great storyteller! You are there with him while he follows synchronicities and communicates with the great guardians of the sacred sites. *Serpent of Light* is a masterful description of the great Earth activations that are occurring during the end of the Mayan Calendar."

--Barbara Hand Clow, International Mayan Elder, a Cherokee Record Keeper, a ceremonial leader, and the author of *The Mayan Code: Time Acceleration and Awakening the World Mind*

Drunvalo Melchizedek's love for all life everywhere is immediately felt by anyone who meets him. For some time, he has been bringing his vast vision to the world through the Flower of Life program and the Mer-Ka-Ba meditation. He is the author of three previous books, *Flower of Life, Volumes One and Two* and *Living in the Heart*.

How very exciting and interesting this book was. The ceremonies that were done during the time leading up to the End Time to balance the female and male energies were fascinating. The synchronicity of events surrounding the ceremonies that took place as well as the ceremonies themselves is so important and brings meaning and understanding to life here on Earth. The connection of Spirit of those that were here thousands of years before us and how they are still guiding us now to me is heart warming! So many of my questions of the Ancient Ones were answered in this book! Drunvalo is a good teacher and a most wonderful person for having shared these experiences with the world!

If you are on the path to AscendJump into this book u will get there -all the information is here waiting

I am so glad I purchased this book. I was introduced to Drunvalo through a Spirit Science YouTube

Video about Human History a couple years ago. I just purchased this book a couple months ago. It really gave me a different perspective on many things especially how we are interconnected to the Earth, Nature and the Universe!

Drunvalo's book fell into my hands the day before I took 21 international women on a retreat to an area in Italy where Goddess temples had just been uncovered by archeologists! I could not put the book down during my time in Italy and found it to be relevant to what I believe is my greater humanitarian purpose...to raise feminine energy and awareness as we move into the next phase of life as we know it on earth. We visited ancient churches situated along the lay lines of the Universal grid and I found as I read that I had also been to many of the other missions, pueblos, vortexes in Arizona, New Mexico, Utah, Colorado and Mexico that Drunvalo had been to including the Canyon de Chelly where I had an amazing mystical experience. I will be seeking this author out to do a workshop in a castle in Italy to bring awareness but in the meantime, this book will not let you put it down and you will go on reading his work once you've read this book. I promise.

i wasn't quite sure what to expect when i purchased this book, but i was hoping to find out what is happening with the world's chakra and the balance of life. this author's words take you on his journey and bring you on as a passenger, not in the back seat of the car, but almost a first person view of everything that is going on. the imagery is impeccable, and i can't wait to finish the book!

I found this book intriguing, inspiring and thought provoking. We are more than our physical bodies we are cosmic human beings, and the world/universe around us was created with purpose and unimaginable creativity. You cannot help but see the bigger picture after reading this book. You will be changed....., for the better.

great read

Loved this book. I could really feel the love of Mother Earth and felt the emotions recorded through the words of this book. I also recommend *The Three Waves of Volunteers* and *The New Earth* by Dolores Cannon -- simply another point of view of what's happening at this time. These books really propelled me forward in my search for spiritual truth, and I hope you find what you're looking for also!
