John Green attended a boarding school in Alabama not unlike Alaska's Culver Creek. After graduating from college in 2000, he worked as a chaplain at a children's hospital. His experiences with patients and their families during intense crises solidified his desire to write for teens and inspired him to bring his comic sensibility to a candid novel about the excitement of breaking the rules and the challenge of confronting loss. John now writes for several national magazines, both print and Web-based. He is also a commentator for National Public Radio's afternoon newsmagazine, "All Things Considered," and Chicago's "NPR" affiliate, WBEZ.

We are using this in summer school and really enjoy it. Note, the dates covered are 1700s-1800s.

Got as a gift for a friend who likes all things Japanese. He's a 6th degree Black Belt in Karate.

My 14 year old nephew is fascinated with everything about ancient Japan and he loved these historically accurate representations. This coloring book is a great teaching tool as well as a gift for people interested in Japanese culture. Adults will enjoy the detailed and lifelike coloring pages.

Just what I was looking for !!!!

This has some very nice images of Old Japan and how they lived back in those times.

These books are great for kids and adults. Learning is fun while memorizing a caption and coloring in a picture.

I love this!

This was given as a gift to an eleven year old with a keen interest in Japanese history and culture. So far she seems to be enjoying her gift, however she has stated that she finds the faces of the children to be "rather mature".
