Attack On Titan: Before The Fall 5

Synopsis

THE TITAN'S SON FIGHTS ON Saved from exile, Kuklo and Cardina meet the hero Jorge Pikale, the first man ever to defeat a Titan in combat, and they learn how he did it: a mysterious gas-powered grappling machine known only as "the device." Jorge believes Kuklo might just have the agility and reflexes to master this startling weapon and take the Survey Corps to a new level. But Kuklo has his doubts, and what will Sharle think...?

Customer Reviews

Jorge takes Kuklo and Cardina into the industrial city in order to hide them. Sharle appears and is happy to see Kuklo and freaks out about Cardina. We get to meet a cool character named Xenophon. A good mix of crazy and brilliant. The device is explained more and Kuklo makes a grand decision. What follows is more insight into Kuklo and more backstory around the time he was born. I always like a crazy brilliant guy who likes to drink. Xenophon is somebody I hope to see more in future issues. I also liked the insight into Kuklo's world view. On to the next one.

Another good volume of Before the Fall, getting ready to enter the cool parts of the story. My one gripe is the weird devotion to the flashback near the end. Anyone who read the BtF novel (which people should, since it's a prequel to this series!) will know everything the flashback reveals, so it should be unnecessary. Four stars because it's Before the Fall. Not five because flashback was too long.

So far this is my favorite volume of AOT: Before the fall! This was a more laid-back volume, where we get lots of information and can smile together with our main characters at least :) Yet it still makes you excited for the following events, and I personally can't wait to get my hands on volume 6. Great artwork and amazing story!

If you like Attack on Titan, then you will love this prequel series.

It's what I expected.

Amazing

I bought a bunch of these for my son and, not being familiar with it, assumed they were in color and that 4, 5, and 6 meant they were from the same series, but apparently not. My son loves them, though, and that's what matters. Unique, too, in that even though they are in English, you read the book from back to front and right to left.

I watched the first few episodes on Netflix but it's not in English so I opted to go with the manga to check it out. The manga is farther than the anime. Attack on Titan: Before the Fall is the prequel of Attack on Titan. It's set before Wall Maria was breached and before they knew how to fight the titans. The story revolves around a boy that was born after his mother was regurgitated and the girl he befriended. In the 5th installment Kuklo and Cardina have battled a titan and escaped exile thanks to a special device and a chance at a new life. They leave the home they only knew to travel to a new city which will keep them safe, giving them the second chance that they need. Kuklo is just as happy to see Sharle as she is to see him. While it's only been a short time the duo has formed a fast bond and they are each other's support system. Together joined by Cardina they trio will stay in hiding till things cool then the guys will head to training to join the survey corps and Sharle will apprentice to help create equipment. It's been a while since I dove back into the world of the Titans but decided it was time to read about what happened before Attack on Titan. It's interesting to see what happened 70 years in the past, and I'm curious to see how we will evolve to fight the titans. The art is entertaining it works well with the story. I really enjoy that each installment is a mix of story and action giving just enough to keep you wanting more. I'm already captivated by the two characters Sharle and Kuklo who escaped

with their lives. I quickly fell in love with the prequel just like I did Attack on Titans. I can't wait to see how it will progress and learn more about the characters in this series. The more I read the more I am enjoying this new spin.
