Vegan Soul Kitchen: Fresh, Healthy, And Creative African-American Cuisine

Synopsis

The mere mention of soul food brings thoughts of greasy fare and clogged arteries. Bryant Terry offers recipes that leave out heavy salt and refined sugar, bad fats, and unhealthy cooking techniques, and leave in the down-home flavor. Vegan Soul Kitchen recipes use fresh, whole, high-quality, healthy ingredients and cooking methods with a focus on local, seasonal, sustainably raised food. Terry's new recipes have been conceived through the prism of the African Diaspora—cutting, pasting, reworking, and remixing African, Caribbean, African-American, Native American, and European staples, cooking techniques, and distinctive dishes to create something familiar, comforting, and deliciously unique. Reinterpreting popular dishes from African and Caribbean countries as well as his favorite childhood dishes, Terry reinvents African-American and Southern cuisine—capitalizing on the complex flavors of the tradition, without the animal products. Includes recipes for: Double Mustard Greens & Roasted Yam Soup; Cajun-Creole-Spiced Tempeh Pieces with Creamy Grits; Caramelized Grapefruit, Avocado, and Watercress Salad with Grapefruit Vinaigrette; and Sweet Cornmeal-Coconut Butter Drop Biscuits.

Customer Reviews

Starred Review. In this electric, eclectic collection of vegan soul food, West Coast chef Bryant Terry (Grub: Ideas for an Urban Organic Kitchen) manages not only to demystify classic southern cooking, he makes it healthier and more accessible. With a low-key approach, commonly sourced ingredients and recipes worthy of any palette, Terry avoids the didacticism and rigidity of other

vegan cookbooks. An impressive amount of information for each recipe, including entertainment recommendations, is also provided. Many dishes will make the list of to-tries: a riff on the traditional Gumbo Z'Herbs that's traditionally eaten during Lent; a roasted potato salad with a parsley-pine nut pesto; and the ubiquitous chow-chow, a vinegar-laced relish that's indispensable with greens. Terry's simplicity is also commendable: a side of wilted swiss chard and spinach with lemon-tahini dressing is a healthier, creamier alternative to Caesar salad, and his Simple Seared Green Beans are a terrific way to enjoy the vegetable at its peak; classic treats like peach cobbler and mint juleps are also included. Though something of a Pyrrhic victory—a terrific and tasty collection of healthy Southern variations unfortunately relegated to the "vegan" ghetto—Terry's latest will make a happy discovery for cooks of any dietary persuasions. Alice Waters • Bryant Terry knows that good food should be an everyday right and not a privilege. This book is full of easy, tasty, seasonal recipes that also happen to be vegan and affordable! • John Robbins, author *The Food Revolution* and *Diet for a New America* • Do you think a commitment to healthy eating means enduring bland and boring food? *Vegan Soul Kitchen* will not only show you otherwise, but will make it easy for you to create fabulously delicious and exotic dishes. Here's proof that natural foods can be fascinating and sensuous. Here are recipes you will enjoy using time and again. • Heidi Swanson, author of *Super Natural Cooking*, publisher of 101Cookbooks.com • From gumbo to grits, goobers to greens, *Vegan Soul Kitchen* dispels the notion that great tasting soul food has to be bad for you. This is a beautiful book brimming with nutrient-packed, approachable everyday recipes. One of those rare cookbooks I look forward to cooking through from cover to cover. • Van Jones, author of the *New York Times* bestseller *The Green Collar Economy* • Much more than a cookbook, *Vegan Soul Kitchen* reads like a rich gumbo of the African American experience, a history lesson with a mouthwatering twist. From reaching back to our heritage as stewards of the earth to offering modern recipes, music suggestions and original poetry, Bryant brings together a portrait of a people as well as a movement (food justice) that is poised to save our health, green our communities, and sustain the earth. Bryant knows the shortest way to people's hearts is through their stomachs. • Peter Berley, author of *The Flexitarian Table* • Bryant Terry's warm hearted, soulful dishes shout out to you and me with crackling, lip smacking goodness. His fresh and sassy way at the stove puts meat on the bones of the very plants that are sure to sustain us for generations to come. • Annemarie Colbin, Ph.D., founder, *The Natural Gourmet Institute for Health and Culinary Arts*, author of *The Whole-Food*

Guide to Strong Bones âœBryant has written a very creative, original, and musical cookbook. I look forward to trying out a bunch of these appetizing recipes. As a teacher, seeing a graduate of the Natural Gourmet Institute succeed so beautifully warms my heart.â• Ani Phyo, author Aniâ™s Raw Food Kitchen and Aniâ™s Raw Food Desserts âœAnyone with soul and good taste will love Bryantâ™s â^African Diasporaâ™ recipes. They're downright delicious and satisfying. By mixing together the freshest beats with local, sustainable ingredients and healthful cooking techniques, Bryant brings to life the festive culture of celebration that comes from eating this way.â• Ann Peebles, Singer and Songwriter (and Bryantâ™s Aunt) âœThat boy can cook!â• Jessica B. Harris, author of The Welcome Table âœDonâ™t let the Vegan in the title fool you. With food, music, and a zero waste way with watermelon that yields 6 recipes, Bryant Terryâ™s Vegan Soul Kitchen not just for Vegans. Innovative and taste-full recipes like Sweet Cornmeal Coconut Drop Biscuits, and Baked BBQ Black Eyed Peas, make it a book for anyone who wants to eat well.â• Jay Foster, Farmer Brown Restaurant âœAs the chef and owner of Farmer Brown Restaurant, I know firsthand the challenges of bringing soul food to people who havenâ™t tried it. If youâ™re new to this cuisine, Bryant Terryâ™s recipes will open your world; if youâ™re looking for a twist, prepare to be amazed. All I can say is WOW! Thank you Bryant.â• Robin D. G. Kelley, author of Freedom Dreams: The Black Radical Imagination âœBryant Terry transforms age-old black culinary traditions into what soul food ought to beâ™ food that sustain our bodies, our earth, our sense of community, and our desire for the delicious. For the naysayers who resist the audacity of okra or the soft power of tofu, Vegan Soul Kitchen is the new manifesto that cries out, Yes We Can give up meat and enjoy gastronomic nirvana.â• Alondra Nelson, Yale University, author of Body and Soul: The Black Panther Party and the Politics of Race and Health âœA pioneer of the East Coast food justice movement, now hailing from the West Coast home of progressive food politicsâ™ where the Black Panther Partyâ™s Free Breakfast for Children program made nutrition a key ingredient of social transformation and where Alice Waters started an organic revolutionâ™ who else but Chef Bryant Terry could have brought us the finger-licking, ethical eats in Vegan Soul Kitchen. At a moment when food can harm as well as heal, he has ingeniously re-imagined soul food by going back to the roots and back to the land. Recipes paired with vintage R&B, praise songs and poetry remind us that African diasporic cuisine has always been food for living and a total sensory experience.â• Publishers Weekly (starred web exclusive), 2/2/09 âœWest Coast chef Bryant Terry manages not only to demystify classic southern cooking, he makes it healthier and more accessibleâ [Terry's latest will make a happy discovery for cooks of any dietary persuasions.â• Detroit Metro Times, 3/11/09 âœWill convince you that soul food can be delicious without the

animal fats and sodium associated with it.â • EbonyJet.com, 3/20/09 â œBryant teaches us that we can eat healthy and soulful, while creating just and sustainable food systems.â • The Root, 3/25/09 â œAt a time when more people are trying to eat well on a budget, the timing of [Terryâ™s] contribution couldnâ™t be better. Not only does Vegan Soul Kitchen prove that vegan soul food isnâ™t an oxymoron, it shows whatâ™s possible for cooks who want to align their souls with their appetites, feeding their bellies along with their spirits.â • Edible Memphis, Spring 2009 â œBryant proves that soul food can be healthy and worthy of anyoneâ™s (not just the vegansâ™) table. Not a Vegan? Pick up the book anyway. Itâ™s loaded with 150 easy, flavorful recipes that are economical and healthy.â • East Bay Express, 4/22/09 â œTerry draws upon his roots to create seasonal, healthy, animal-free alternatives to butter-drenched soul-food staples. Unlike many vegan cookbooks that call for hard-to-find specialty ingredients, most of Terry's recipes require a few simple ingredients that can be purchased at farmers markets and mainstream grocery stores.â • VegNews, 5/2/09 â œWith 150 recipes, this canâ™t miss classic will have you kissing your Collard Confetti without missing a beat.â • GoodCooking.com, 5/11/09 â œThis is a fun book that is well written with good recipes to boot. It will make a nice addition to your cookbook collection as long as Grandma doesn't swipe it to try a few recipes for herself!â • South Florida Sun Sentinel, 5/20/09 â œTerry's recipes stand on their own. They're not about what's missing. They are complete, packed with flavor, color and texture: pan-fried grit cakes are served with caramelized spring onions, roasted sweet potato puree gets its creamy texture from coconut milk.â • New York Times, 5/28/09 â œThis young food activist makes Southern cooking healthy and cool.â • Uptown Social, 5/26/09 â œVegan is not typically associated with soul food, but Oakland-based eco chef Bryant Terry is not your typical southern son. His recipes will satisfy part-time vegetarians and full-time soul food fanatics who require flavorful meals that combine local ingredients in quirky and tasty ways.â • Los Angeles Sentinel, 5/21/09 â œWith obesity and high rates of diabetes and other health issues affecting African-Americans, Vegan Soul Kitchen is right on time.â • Slashfood, 7/8/09 â œFor vegans looking for new and innovative directions to take their cooking, this is an excellent resource. And for non-vegans who are looking for ways to introduce vegetables into their dietâ™in a way that is worlds removed from the stereotypes (bland, piously healthy) that bedevil vegan cookingâ™this is also a worthwhile investment.â • Philadelphia Daily News, 7/23/09 â œVegan Soul Kitchen brings the flavor without the fat. It's a collection of fresh fruit-, vegetable- and nut-based meals which, while classified as â^vegan,â™ are also traditional family recipes with a hip and healthy flair.â • Clean Eating, Sept/Oct 2009 â œYou wonâ™t miss the meat or butter here! Bryant Terry reinterprets popular dishes in an animal-free yet surprisingly rich way that still manages to capture the complex

flavors of soul foodâ™s African, Native American, Caribbean and American roots.â • Edible Ojai, Summer 2009 â œ[Terry] has come along to dispel the misconception that traditional Southern cooking consists primarily of over-cooked collard greens and foods saturated with animal fats.â • YourVeganMom.com, 7/22/09 â œThis is the sort of cookbook that you will want to read from cover to cover. With its emphasis on healthy whole foods updates of soul food classics, you will also want to do some cooking.â • Eau Claire Leader-Telegram, 8/11/09 â œWith 150 creative recipes, Terry almost makes you believe soul food can be made without bacon grease.â • ...

I've been drooling over this cookbook for a while and finally got it. Admittedly I've only actually tried one recipe this far, the tempeh and grits but it was simply amazing. I really enjoy the approach the author takes to his food and recipes. There are two minor issues with some of the recipes in this book, they could get expensive and some are fairly involved. The expense can be fairly easy to overcome-using canola oil instead of olive (where the flavor of olive oil isn't essential), spectrum shortening (palm oil) instead of coconut oil, and soymilk instead of almond are the easiest ways to cut cost. There aren't really any specialty "health food store" ingredients which is a nice change. As for some of the involved preparation, I'm fine with that, I'm from the south and I know that certain things, like REAL grits take time, and to try to take shortcuts just kills the finished product. I'm only even mentioning times because I know sometimes that's a sticking point for people. I'm just very excited to spend the summer with this book because there are so many recipes to take advantage of great seasonal produce. I highly recommend this book for anyone who misses good down home food, or for people who want to explore a cuisine based mainly on whole foods, good veggies, and loving preparation.

A fun read cook book. Changing but to vegan and this book is making the transition go well.

You might think soul food/southern food can't be vegan but Bryant Terry knows what he's doing! Recipes are clearly well-tested as the directions are excellent and the results delicious. A couple recipes are already new favorites, even with people who are skeptical of vegan cooking. Would even recommend to someone newer to cooking. I enjoy reading his stories and music suggestions too. All in all, a great book!

Great book with fabulous recipes

I'm not vegan anymore, and I still use this cookbook. The recipes are simple and really delicious. This is distinct from other vegan cookbooks in its use of flavors. The recipes are filling, probably terrible for you, but feel nourishing at the same time. Just try the recipes. I've yet to be disappointed.

The recipes are easy to follow and result in delicious food. I've cooked nearly half of the recipes in this book in the last year and my wife and I have loved all of them. (My baby hasn't, but what does he know? He's a baby.) If you are a vegan or a vegetarian and you like soul food, you need to get this book. It will open your horizons and delight your mouth.

I am new to the vegan lifestyle - although I've been a vegetarian for a very long time. This cookbook is amazing! It's full of fresh, whole food, delicious recipes. Everything I've made so far has been absolutely delicious.

This cookbook proclaims itself as an autobiography and truly it is. The first few pages are a song. Each recipe has a song, a story/info, and drink pairings. Now Bryant and I may not share the same music tastes, but I like this book for the personality of it. The recipes I've tried so far have turned out well.
