Customer Reviews

Download the inkmap on my Kindle fire was great. I was able to locate the Hotel and the places at walking distance and other interesting places before my trip to Iceland. Unfortunately a week before my trip I got ill and had to cancel my trip. I am sure that the inkmap will be a great help to find your way in town instead of a paper map, particular when you try to read small prints. Recommend.

Very disappointing. Maps not easy to compare, listings of hotels and museums incomplete. Not at

all as expected.
