Jennie Iverson has quickly become a foremost expert on ski town cuisine.

This book is just great! Like her first book, *Ski Town Soups*, *Après Ski* showcases recipes from ski areas across the country, and ranks them from easiest (green slopes) to more difficult (black diamonds) using ski symbols. It is such a clever concept, and cooks of any skill level can use this book! And the photography is fabulous enough for it to be a coffee table book.

Some recipes don't have quantities, which can be annoying. The pictures and options are great. Excellent book for a dinner party.

Absolutely loved the entire book. Fabulous recipes, great variety and beautiful photography. This will be a wonderful unique gift for many friends.

after loving the first ski town cook book, I was anxious to get this one. It has not disappointed. The recipes are unique and delicious . Great fun to take something new and fun to a gathering. So good!

Awesome compilation of recipes with pictures...love the cookbook myself and have purchased it for many family and friends.

Love it! Have used it myself and given it as a gift-looks beautiful out on the table & recipes are fantastic.

Awesome recipes with beautiful pictures.

I absolutely loved Jennie's first book, *Ski Town Soups*. I think she may have even surpassed it with *Après Ski*. And the forward by Lindsay Vonn is just the "frosting on the cake."
