There are only a few books that are primarily about Cannonball. Brock Yates, Alex Roy and now Ed Bolian have written down their story. This is more than the autobiography of a driven man, it is the inside details, the nitty gritty how to of underground long distance outlaw racing.

...but he beat the Cannonball record. Ed wrote in a very vulnerable and detailed manner about everything that brought him to the decision of going for it and how he set the record.

If you have ever contemplated the prodigious effort necessary to take on something like the Cannonball, this is the best accounting, not of just war stories, but the physical and mental preparation to be the record holder. It joins the ranks of must reads if chasing the sun to the Portofino

Super read about a record that many over the years has tried, yet failed again and again. Ed's account of the trip is extremely detailed and his words flow with the eloquence of Brock Yates, Sr. the creator of the Cannonball Baker Sea to Shining Sea Memorial Trophy Dash. I own and have read Yates' book Cannonball as well as Alex Roy's book The Driver multiple times and I'm sure this will be another that is read at least once a year. My biggest enjoyment of the book is his repeated references regarding his relationship with God. He pulled no punches with talking about his faith and that is to be commended. Thank you Ed for taking me on this super fast page turning adventure!

Really great story! So glad you chased your dream Ed Bolian! I laughed, cried and cheered you on while reading. A book that keeps your interest to the end.

Great read, couldn't set it down. Would love the opportunity to line up next to Ed on the 2904 rally

Great story written well
