Enrica Stabile opened her shop *L'Utile e il Dilettevole* in Milan in 1979, combining antiques and interior design in a new way. She has decorated country homes throughout Italy and France, and is the author of *"Open Air Living"* (also Ryland Peters & Small). Christopher Drake was born in South America, brought up in Norway, and now lives in London. He started his career as an in-house photographer's assistant at *Vogue*, then moved into interiors photography. His work is now featured in an international range of magazines, including *Architectural Digest* (Germany), *Victoria Magazine*, *Homes & Gardens*, *World of Interiors*, and *Country Living*. For Ryland Peters & Small he has photographed *Hallways, Corridors, & Staircases* and Enrica Stabile's *Open Air Living* and *Comfortable Country*.

I can see from the rest of the comments that some have gotten a tiny version; I have the one from 2010, first published in 2001 - approx 9"x 9", and the review is based on this edition, paperback. Just get this! It is beautifully captured in photographs really bringing forth the detail of every

environment. What makes this book special (and I own everyone of all the others shown on this page!! and more!!) is that it is possible to achieve for any kind of budget; all you need is an astute sense of composition and personal style. None of the things are especially expensive, all of the objects are cared for and used and utilized and worn and included -. Real objects for real people put to real use. Chosen with a real sense of functionality, atmosphere, personality and style. Watch and learn; from every object placed in every photo; in fact; find all other books done by the author and the photographer - that is what I will do. Enjoy!

I love this book, though I needed a magnifying glass to read it. Please beware that many Sellers sell the very tiny version of this book. (Most buyers will not know that two versions were issued of this book). Thus, I did not think to check the "SIZE OF THE BOOK" when ordering this decorating book, therefore when it arrived I was shocked to find it was only about 5 inches big. Yieks! It can fit in my wallet!! I think that had I ordered the regular book sized version of this book ,I would have enjoyed it more. Other than the tiny itsy bitsy size of this book, the photos were wonderful and inspiring!

This is the very best deorating and idea book of the year (and in the longest time)! Since I operate my own Country Cottage Decor Store, I hunt for every new book in this category, but none has surprised me more positivly than "Comfortable Country". Wonderful journey from page to page;- Imagine the smell of crisp linens and snuggling into poofy, down pillows! You have to look through it over & over and still see new details. The reading part is also very informativ! WOW-Those pictures are true inspiration! Possible to recreate, no matter what size your budget, home and own skills! Hope to see more from this gifted author;- soon!

I was very pleased with this book. It has a lot of ideas and reminded me of my grandparents in some ways. I would recommend.

Cozy book. Farmhouse, country, cottage and prim lovers will enjoy.

Great book

I liked it very much!

This amazing book took my breath away. The color is beautiful, texture is everywhere, the whole

thing is just wonderful! This is one of the kinds and MUST SEE!!!! As soon as I saw this book, i ordered her other books. No regret! and enjoy European country houses.
