Language: English

ISBN-10: 0922915946

ISBN-13: 978-0922915941

Product Dimensions: 6 x 0.9 x 9 inches

Shipping Weight: 1.6 pounds (View shipping rates and policies)

Average Customer Review: 3.9 out of 5 stars 97 customer reviews

Best Sellers Rank: #110,649 in Books (See Top 100 in Books) #31 inÂ Books > Religion & Spirituality > Other Religions, Practices & Sacred Texts > Demonology & Satanism #37 inÂ Books > Arts & Photography > Music > Musical Genres > Heavy Metal #196 inÂ Books > Humor & Entertainment > Sheet Music & Scores > Forms & Genres > Popular

## Customer Reviews

...You just cant look away.This is indeed an extremely well written account of the books subject matter.Being someone that was there for the first releases of the Metal genre known as "Black Metal" (Venom,Bathory,Sodom,etc..), it was shocking to read this & see how vastly different people may perceive the same exact thing: what I always took as a borderline "joke",references to Satanism & the Devil as an expression of rebellion (ohhh,scare the parents & authority figures!!) or perhaps an appreciation for horror movies (that was my take as a teenager),these misguided kids from the other side of the world took as a soberingly literal treatise on giving oneself over to evil.And even more disturbing than that is how it morphed into a branch of neo-nazism(?) A fascinating sociological read not for the faint of heart.

An interesting indepth look at how the Black Metal scene began in Norway along with interview pieces with members at the forefront. It devolves into Varg Vikernes' personal ideologies along the

way(to get a real sense of his views all one must do is watch his YouTube videos) -- how much of it is factual is hard to say as Varg seems to have denounced the book as inaccurate. You will find some sensationalism here, but overall it's still somewhat interesting. Fans of Heavy Metal will most likely find something enjoyable here.

Arrived in great condition

Four stars for the amazingly deep, detailed coverage of a sub-culture subject. The first few sections of the book tell the story well, the latter parts pile on detail that at times is more than you'll ever want to know or take the time to read. As an extreme metal fan, I appreciated it but admittedly skimmed through the late sections on UFOs and Norwegian National Socialist policy. There are some interviews in here that you wouldn't get anywhere else.

Informative and shocking. Many metal bands talk the talk, but the Norwegian Black Metal bands this book focuses on walk the walk. While I repudiate the crimes these depraved individuals have committed, this book reads more like a novel than non-fiction because of their outrageous and criminal behavior that shocked Norway in the early 1990's.

One of the most exciting book that I have ever read. I can recommend it not only to those who are familiar with the Black Metal Scene, but to those who don't know anything about it.

Excellent book. My second copy. I ordered this book NEW from "Hipster Season Books & Records". The bottom front cover, the clear plastic-like protective covering on the book looks as though moisture started getting into it. Not very happy about that at all...

Hard to put down.
