Ahh, sexy dragons with an accent! It doesn't get much better. The Scottish pack faces a new enemy in book #2, a dragon from the past come back to Scotland to make trouble. Cyprus is the leader of

the Scottish pack with a terrible secret he is keeping from his pack. Hunting a pack of rogue dragons that have come into their territory he is faced with the ugly truth about the past. Elise is a book nerd who works at the museum in Scotland conserving old books. Her life is altered when going to an interview with a priest about conserving old books and manuscripts for the church and all hell breaks loose.

Thanks Mrs. Callahan for such a well written book. It was worth the time I had to wait. Please don't make us wait so long again. I don't know if it really takes so long to write a great book, but please release them close together again. I have to find all your books in hardback to add to my library. You are too good of a writer for me to own just the kindle version.

Liked the characters and the storyline. Could use less profanity...after living so long, these guys should have a plethora of words to express themselves without having to resort to profanity. Could use better editing...heard used for heart, I think,... probably autocorrect, but several instances in the book. Thanks!

Another great dragon story by Coreene Callahan... Cyprus a leader with a secret and Elise ..meant to be...I am enjoying the Scotland series but still missing the original Dragonfury guys. Can't wait for the next book.

Cyprus, leader of the Scotland dragon pack, discovers a high energy female at the same time as a rogue male. Who will win her and how? A bit short but still exciting. More love and war from Coreen Callahan!

Dragons, revenge, redemption, and love. Plus a high-energy female in need of a rescue. Wonderful mix!

It is a nice book. It answers some of the questions from the main books but leaves more unanswered for another book.

I have followed the Dragonfury Series from the first book. Each one is exciting and adventuresome. The latest book introduces the leader of what is left of the Scottish group. Some mysteries of what happened to Forge are being revealed. As always we are left with more questions and more

entertaining characters.
