Michelin Map No. 716 Belgium And Luxembourg, Scale 1:350,000 (Michelin Guides And Maps) (French Edition)

Synopsis

Recognized for more than a century for clarity, accuracy and detail even the military has relied on Michelin maps and guides. Michelin offers over 200 selections for cities, regions and countries in North America, Europe, Africa and Asia. In-house cartographers, or mapmakers, produce each map and atlas and leave no stone unturned. Everything from major roads to the tiniest routes is depicted on Michelin's maps to allow travelers to go off the beaten path with confidence. What makes Michelin maps and atlases stand out? Michelin maps are frequently updated and specifically designed with travelers in mind. Michelin's cartography, user-friendly format and cross-referencing abilities with its renowned guidebook collections are paramount. The clear, clean and uncluttered style of Michelin maps is compounded with extreme attention to detail covering scenic roads, footpaths, panoramic views, emergency telephones, road widths and more. It's this kind of detail that can, for example, help North American tourists avoid surprises while traveling down narrow roads that are often hundreds of years old. Buildings, monuments, park trails and government offices are highlighted, too.

Book Information

Map

Publisher: French & European Pubns (January 1, 2007)

Language: French

ISBN-10: 0320039838

ISBN-13: 978-0320039836

Package Dimensions: 9.6 x 4.2 x 0.1 inches

Shipping Weight: 3.2 ounces
