Don't just play with your cats. Doodle them! This book is great! You will be doodling silly cats in minutes! Instructions, projects, and unfinished doodles for you to complete are everywhere! Although this book is primarily great fun, it will also let your cats bring out the artist in you! If you love cats and/or doodling, you will love this book!

I finally got mine in the mail today! It took quite a while to get here (19 days) but it was worth the wait! I love it and can't wait to start drawing in it! It has some directions on how to draw cats, cat expressions, and has lots of room to draw! There also lots of cute pages with "facts" and art work. Unfortunately one of my pages has some kind of stain on it but sense I'm going to be drawing in it and on top of the stain I'm willing to look over it. Plus it is only on one page. Definitely perfect for any cat lover and artist of any age!

Great fun! I love Gemma Correll's drawings, and I've enjoyed getting to try my hand at drawing cats Gemma-style. The instructions are easy to follow, and my version of a sleeping kitty actually looks like a cat.

I'm no artiste when it comes to drawing. However, this book has provided much inspiration for my own car cartoons/sketches. Many shapes and expressions are provided in clear examples. Easy to mix and match various example doodles in book to create your own unique hybrid. Great for cat lovers young and old. Instead of zoning out in front of 300 channels of nothing on TV, grab a pencil, paper, this book and get your whiskers on.

Bought as a gift for a friend who loves cats and loves to draw. Cute doodles that encourage creativity. Probably made for kids, but enjoyed by my adult friend too.

Very fun for cat people or anyone who just likes to doodle while thinking about cats. The book even helps people who want to learn how to better draw a cat. Loved it!

This book is very well made, and super cute. I can not wait to give this to my grandma as she is a big cat lover and I know she will love this. I am now wishing I got one for myself as well :) Definately

next time I will get myself this one and the booklovers one as well.

My wife loved paging through this at x-mas. It wasn't the most expensive gift, but it was definitely the one that she spent the most time looking at. Still remains to be seen if she actually doodles in it or just keeps it to page through and laugh at the cats.
