Kenneth Branagh, was already a celebrated stage actor when, in 1988, he made his debut as a film director with Henry V; among other films he has directed are Dead Again, Peter's Friends, Much Ado About Nothing, Mary Shelley's Frankenstein, In Bleak Midwinter, Hamlet, and Love's Labour's Lost; as a performer he has been seen in Conspiracy, Celebrity, and Harry Potter and the Chamber of Secrets.

The first CD in the audiobook contains bonus material meant to be viewed on a computer. Thanks to that, the first CD refuses to play in my truck's CD player. The entire reason I bought this set was so we could enjoy this book on the long trips we often find ourselves making. I ended up ripping the first CD, converting the files to MP3 files and burning them onto another CD. While this work around took care of the problem, it seems adding the bonus material to a separate CD would have avoided the issue from the get go. The remainder of the CD's in the set play without issue.

Absolutely the best narrator for Chronicles of Narnia! My grandkids (7, 10, 12) LOVED this to listen to while traveling. So good for their imaginations...and they were skeptical about starting it -haha!

My kids and I absolutely loved it! Kenneth Branagh's narration was amazing. My only regret is that he didn't do all the rest of the audio books in the series!

The narrator does such a wonderful job at telling you the story that you never want to stop listening until you get to the end of the story. As he reads you can just imagine the look and mannerisms of each character.

good product

This unabridged audio version of The Magician's Nephew is excellent. I recommend it for young and old alike as its appeal is ageless.

Excellent! My class loved listening to this!

So far so good!
