## Customer Reviews

Before I say anything, let me just explain that I'm really not big on reading about cheating partners or love triangles..it's just my preference. BUT this book is so much more than it seems! Don't let the subject deter you because this book has everything I look for in a great story...characters that have depth but are a bit flawed, humor, a dash of drama, sexy love scenes and a seriously awesome plot. Rachel Van Dyken is great at creating characters that feel real to me, guys and gals that aren't perfect, that make mistakes but know when to forgive. I went back and forth between loving Thatch and hating him! I also literally laughed out loud during some of the funny parts and there were a few! Overall, I'll gladly put this one on my READ AGAIN E-SHELF. Told from dual POVs with a funny and sweet end.

So I read this book in a little under 3 hours. Once I started, I could not put it down. Dare I say, I loved Thatch and Austin even more than I loved Lucas and Avery Bug!This book was laugh out loud, hilarious, but it had so much heart as well. When Avery and Austin start scheming, and drag Lucas into their plot, poor Thatcher didn't stand a chance. Hell hath no fury like a woman scorned. It was war! Thatch gave as good as he got though ;) The highjinx that took place between these two, was epic! And let's talk about the heat factor! Wowzers! I thought my kindle might spontaneously combust from the sexual tension between them!All things considered, this was another winner from Rachel Van Dyken! I hope one day we can get follow up novellas to see what the future had in store for these four characters. I am really not done with them yet!

Thatch!Oh, Thatch!You're my hero!!I'm so in love with Thatch I want to steal him for myself!Now onto the important stuff!This is probably my favorite of the authors books after the Eagle Elite series. And I don't say this lightly. I've loved Lucas Thorn, and Bentley and so many more of her characters. But there is something so epic about Thatcher Holloway."The kiss of death." He shuddered. "Kind of has a whole new meaning now, yeah?"

This book deserves more than 5 stars. I love a book that can make you laugh and this one delivers. You will fall in love with Austin she is so down to earth. Her snack habits love it. You want to be friends with these characters. And Thach at first you want to smack him then hug him. I can not wait

to see what Rachel has in store for us next.

Cheater's Regret by Rachel Van Dyken is BRILLIANT, FUNNY, and SWEET! After reading Cheater I knew I was going to laugh nonstop and enjoy this read immensely. Rachel Van Dyken gave me so much more in this read. It was beyond amazing and I got a lot of glimpses of Lucas and Avery, which was amazing! I loved catching up with them in this book. Austin and Thatch's story started off in Cheater. We saw they were together for a while and it was going good until it wasn't. Thatch ruined it all. Cheater's Regret starts off almost right after where Cheater ended and that was perfect. We see Austin and her depressed state, but that didn't last long. She comes back with a vengeance and wanting full on revenge on Thatch for what he did to her. I just don't even know what to say other than this book will have you bursting out laughing and looking crazy because tears will definitely run down your face with how funny this book is! Austin is a sweetheart! She is so genuine and fun. I loved getting to know her. I didn't really get much of a feel for her in the other book but in this one I fell completely for her personality. She is just one of those characters that you can't help but love. She is also so real and down to earth. Thatch is something else! He was not what I was expecting. I was expecting a cocky guy and oh he definitely was! BUT he also had this tenderness and sweetness that would escape. It was so perfect. I completely fell for him as well. Their story was full of revenge and understanding. It was so much fun to read! Rachel Van Dyken wrote the perfect story in Cheater's Regret. I wouldn't change a thing about it! I am still giggling with all the antics that Austin created. I really suggest reading these books! Don't be scared of the title. These books are so much more than that and you will have such a good time laughing and enjoying these books!
