Pocket Squares For Men: The Complete Guide (Men's Style Series Book 3)

Synopsis

Pocket Squares for Men – The Complete Guide! How to Upgrade Your Look with These Small Pieces of Elegance Full Color book, rich with images + Bonus Chapter! What do Winston Churchill, Frank Sinatra and James Bond have in common? There are so many instances where you could have seen them dressed well and looking sharp. And most of these times, they would wear a pocket square (and not always silk!) in their breast pocket! One of the simplest ways to elevate your style is by wearing a pocket square in your suit or blazer breast pocket! With an investment of some \$20, you can separate yourself from the crowd! Why not try it yourself? With this practical guide, you can become a master of pocket squares in no time and learn how to upgrade your look with these small pieces of elegance for men! Table of contents consists of: 1. What are pocket squares? 2. How to wear pocket squares 3. How not to wear pocket squares! 4. How to recognize a good quality pocket square 5. Where to shop for pocket squares and how much should you expect to pay? 6. How to fold a pocket square 7. How to care for your pocket squares BONUS CHAPTER

Customer Reviews

I don't always wear pocket squares, but when I do, I want to look polished and debonair, not like I'm stealing a restaurant napkin in my coat pocket. Mark Davids has created the ultimate guide for the fashionable male (or even the guy who just wants to look a bit more put together). A great companion to his Neckties: A Practical Guide, Pocket Squares offers the definitive guide to how to choose the right pocket square (note: do not match it with your tie!), how to fold it five different ways, and how to wear it with class. I'm not James Bond. I'm not Winston Churchill. And Ol' Blue Eyes could drink me under the table in a flash. But with this guide, I've joined the leagues of the big boys who all sport this dapper tradition.

The book does explain pocket squares. There is fashion advice on how to wear them, advice on how to fold them and advice on where to purchase them. The author does a very good job describing a mundane topic such as pocket squares and is indeed a complete guide. I was laughing when I decided to download it as a free book for the day, thinking there was not much to say about pocket squares. There is in fact a lot that needs to be known about pocket squares. Who knew?

As much about fashion and matching advice as for different folds.

It has some good information but nothing that will blow you away. If you're expecting something mind blowing to learn about pocket squares you gotta be high maintenance and you need something else to worry about. This is a "guide" and I read it as such.....again, we're talking about a square piece of cloth! I learned a few things about pocket squares and I've purchased a few since reading this.

Men must not only know how to tie a tie. A man's suit will never be complete without pocket squares. This book is really great and helpful as it is also illustrative. A very good guide indeed for those men who want to be on top. Full of tips like picking up the perfect match of color of square. It is really worth the buy for men who are keen on fashion.

I recommend this book for anyone who likes to dress up nice. The info is good, and includes many great tips about selection, matching, and includes many good reference photos as well.

This book gave the basics of how to use a misunderstood and under used accessory. Well organized and very concise. An easy read.

Helpful book, well priced. Covers the topic well with bot words and pictures, providing valuable guidance - without overdoing it.
