Thanks for an insider's view of the city! Invaluable tips - we used the the Groovy guide the entire time. --Alec Timms, USA

Aaron Frankel, intrepid explorer, is the founder and producer of the Groovy Map series of maps and guides for cities throughout SE Asia. Raised in Bangkok, he used to twist balloons and draw cartoons in San Francisco before a dose of reality arrived and he began a career in advertising. Now, being a cartographer and traveler is his profession, hobby and lifetime pursuit!

Groovy maps are one of the better maps out there. Has decent street navigation. Don't really care too much about the information on the back regarding the best restaurants, etc. But the info on taxis and emergency info are useful.

Does it show the rail tracks and stations? Label the museums, hotels, shopping centers, sight

attractions, parks, tall towers, airport, etc?
