## Customer Reviews

So ADORABLE!! I want to make most of the patterns in this book. I haven't tried the patterns yet so I can't attest to if they are correct or not. I do have another 60 quick....books and most of the patterns are right. Only one pattern (in the other book) had errors.

I've tried to make one pattern out of this book and couldn't finish it due to multiple errata not corrected on the publisher's website. Some of it was plain impossible! I am an experienced knitter and I could not figure out the Pinkie Pig pattern for love or money. I have made many a stuffed animal too. Great ideas, but somebody should have tested these patterns a little better.

I found two patterns in this book that I made almost instantly- the bunny on the front with his sweater

and a crazy loopy-haired boy-toy. GREAT design and lots of technique involved which is wonderful for those of you who want to perfect or learn a new technique for hair/arms and bodies.

This book contains so many great patterns for toys. There are so many that I want to make for my new grandson. It is actually hard to prioritize.

This is a fun book if you enjoy making toys. The cat and dog pillows are my personal favorites.

cute toys

Very cute. Picked a few to make for my grandchildren.

My mom loves the book!
