Best Sellers Rank: #180,126 in Books (See Top 100 in Books) #27 in [Books > Cookbooks, Food & Wine > Regional & International > U.S. Regional > West](#) #219 in [Books > Cookbooks, Food & Wine > Outdoor Cooking](#) #369 in [Books > Cookbooks, Food & Wine > Cooking Education & Reference > Reference](#)

Customer Reviews

Don Holm was born in North Dakota in 1918 where he attended grade and high schools. Later he attended the Univ of Texas, Portland State Univ, Multnomah College and Lewis and Clark College. From 1936 to 1941 he traveled widely, served in the U.S. Navy during WWII.

I don't often cook from this cookbook, but I love to read cookbooks when I'm in the mood, and this one is delightful to read. The authors know their business, which is entertaining as well as teaching. When I get a new cookbook, I note on the first page the recipes I particularly like. I haven't marked any in this book, because my husband doesn't like a number of the things I like but wouldn't bother to make just for myself. But my daughters are coming to visit, and one of them is a vegan. There is plenty in this book that I can make for her. She is almost 51 and the best cook in the family, but she insists she can't make pancakes. Well, I shall make sourdough pancakes for her, and she can sprinkle powdered sugar and cinnamon on them and eat to her heart's content. I really enjoyed this book, and I highly recommend it.

My got this book for my mom to send to a friend in Australia that has started using sourdough. My mom actually has this book already and wanted to give one to her friend. She was excited to get it and see how good of shape it was in. She really like how it was spiral bound, unlike hers.

I have had this cookbook since the 1970's, and bought this one for my mother-in-law, who recently decided to try making sourdough bread. I enjoy the folksy stories and great recipes.

I just got a used copy of this book after a recommendation from a person on a sourdough bread forum. While there are many recipes, to me it was useless. It is a novelty cookbook filled with antidotes and cute language with no true sourdough recipes. Every recipe has chemical leavening added to it. This is not a true sourdough cookbook.

This is a nice little book, with Don Holm's humor & interesting stories regarding Sourdough Lore. The recipes are pretty good, too. Well worth the price!

This is a good cook book for sourdough.

Okay, what's in this book? The two best recipes are the Sourdough Burnt Sugar Spice Cake and the North Dakota Farmer's bread, the latter being 100% whole wheat bread with a texture you'd swear was baked with half white flour. Yes the book reads like a nostalgic memoir of a backwoods fisherman, but the raw material and ideas the recipes spawn is well worth the cover price. If you like to experiment in the kitchen this is a great book. If you are looking for a standard recipe book with very little commentary, this might not suit your needs.

My wife saw a recommendation for this book, so we bought it. She has read it through and thoroughly enjoyed it, since it provides more sourdough recipes in one place, than elsewhere. It's a 1982 book, so costs more than its original cover price to find in decent shape (ours was purchased "used" but in great shape). It is written by an outdoorsman, based on many recepes he's gathered and tried or experienced in years of travel. We look forward to trying many of the recepies that appear easy to make.
