The Big Book And A Study Guide Of The 12 Steps Of AA

Synopsis

The key text of Alcoholics Anonymous, which to this very day has not changed since it was first published in 1939. This is the original text, with the addition of personal stories from both the first and second editions. Also included: a current study guide from the 12 Steps of Alcoholics Anonymous. This book is the best-selling self-help book for conquering addictions that range from alcoholism to drug addiction, overeating, and other issues.

Customer Reviews

I am using the Kindle app for iPad. The version I downloaded does have the Third Chapter. When you tap the top or bottom margin, the page number is displayed. I would prefer that the page number be displayed at the bottom of the page persistently, but I think that has been traded off for the ability to display different page formats and large print. What bugs me a little is that I downloaded the other BB already! This was displayed when I searched on 12 Steps and 12 Traditions and I was perhaps a little too hasty in selecting it. Maybe my impulsivity is a character defect that needs some attention. Edit - I see now that this is the second edition and there is a note at the beginning stating that the first and second editions are in the public domain. This is why is using this - It's free to them. And note that the other version that I downloaded is also the second edition, so there's no point in getting them both. The other one has no pagination whatsoever, though.

The third chapter, More about Alcohol, is missing other than that it's perfect. I don't know who

decides to leave out these things. But chapter three is very important.

This Study Guide is on the internet for free in PDF format. There are quite a few people trying to make money on items that are free if you spend 5 extra minutes looking. I find this reprehensible and thievery. It also is not inline with the spirit of AA which does not seek any profit....The good part was he refunded my money and had already shipped it so he said keep it. I have had the study guide for years. I will give it to some one else.

If you want the AUTHORIZED 4th Edition which has a LINKED Table of Contentsand all the Personal Stories (This book doesnt even have Dr Bob's Nightmare!!!)Then you want this one:http://www..com/Alcoholics-Anonymous-Edition-World-Services-ebook/dp/B00H2YFYJ4/ref=cm _cr_pr_sims_tNow I will try to return this one and get the other (It's \$3 extra, but worth it!)

I find the e-book lacking. When using the e-book NONE OF THE PAGES show up on the screen! There are only 'location' references and they do nothing to aid a person in a study group with people who have the actual book in front of them and one is trying to move through the study on different pages. Kindle needs to enable PAGE NUMBERS FROM THE PRINTED BOOKS THEY SELL with the e-books!!! Remember ..."customer service keeps you in business, and no,page numbers on e-books IS NOT...GOOD CUSTOMER SERVICE!!

This book has typos, actual words are missing from the text, and the chapters run together. There is no separation of chapters, such as in a normal book. This book is as if it was typed and bound together. I spent too much money on this piece of garbage. I had to inquire if there was a local AA bookstore and had to go and buy another Big Book, In opening the Big Book I purchased locally, there was a noticeable difference.Consumer, please do not purchase this book, it is a rip off.

Getting used to no page numbers is sort of the "Kindle experience". But there are numerous missing words, misplaced chapter headings, and paragraphs that warp from one chapter to another. With a hard copy Big Book nearby, this is somewhat mitigated and there is still usefulness in the ability to highlight and make notes on certain sections for easy retrieval on the fly. Most importantly to me is that having this electronically available ensures my ability to stay anonymous while reading/studying in places where it would otherwise be nearly, if not impossible to otherwise do so. So, as an adjunct to an actual Big Book I find this product is useful, but it is certainly not a stand alone resource

I think we all know why it is 5 stars. No way would I try and sit here and explain why it's great considering the whole entire book is the reason it is great. Every single page. It's really beneficial for any addict not just alcoholics. All other 12 step programs that don't refer to alcoholism are actually based from this book. Well done.
