Customer Reviews

the recipes are great and look easy to prepare, however, where are the freezing directions? How are you supposed to freeze them for later with no directions ? All the other books I have have the complete directions. These recipes all are for cooking and eating now. Am I missing something?

I have no idea what freezer meals are. I was expecting to learn how to cook a lunch using freezer. I was dissapointed.

I've never seen a bad cookbook by this author

Not even close to being a book of "freezer meal" recipes. Having an ingredient from the freezer does not make it a freezer meal recipe.
