The Paper Boat (Thirteen)

Synopsis

Avery has just one chance to save her life and the lives of her friends. The king is very ill and in a hurry to hand over his power to a new generation when rumors begin to circulate through the kingdom. It appears the king is unaware of the queen's sinister plot against the thirteen-year-old orphans, as she wants to ensure her child becomes rightful heir to the throne. Avery weighs the pros and cons of seeking an audience with the king while the castle is dealt a heavy blow; but Avery decides the risk is worth taking, and she steps out of the shadows for the first time since entering the castle walls. When Avery is offered the opportunity of a lifetime, will she choose a life free from hardship within the castle walls . . . or her family and the home she left behind?

Intrigue, adventure, and mystery will keep readers royally entertained in this finale to a great series. (The Children's Hour 2017-05-01) --This text refers to the Digital edition.

I just got this in the mail yesterday and have it already finished so that my 8 yr old daughter (who has been prodding me to finish it) can start it. I'm happy with the ending but have so many more questions. Hopefully there are more books to follow? My daughter enjoyed the first two so much, we bought the series for one of our nieces whose Dad asked for good character books for her. The thing that really struck me in this book-well, the only thing I can mention here without spoilers-is the concept of family, and I agree with where the author went. Looking forward to discussing this with my daughter. I would especially recommend this book to preteens who have been adopted. They will find characters here who understand them, and perhaps come to see how precious they are to their family.

Not just this book but the whole series. I loved how the author left lots of things so secret and then revealed it later it was filled with so much mystery and you come so close to the characters this book is especially good for people who are around "thirteen" I'm usually am not a very fast reader but this book has a cliff hanger at the end of every chapter and makes you want to read more

I love this series and author! ANYONE will enjoy this series - no matter their age. It keeps the reader's attention and has neat twists and turns...and didn't expect the ending of the series. Great work Trisha!

It's a good book but absolutely not worth the price. You get very little answers from it.

she liked it

This well-written final book in the series was a great read with some interesting twists! Can't wait to see more from Trisha!

This book (this trilogy) got my non-reading elementary and junior high aged sons excited about reading!

Loved the book
