"One of the most thorough and comprehensive career description guides . . . The additional data is highly beneficial." -- David Goodenough, Editor, Career Transitions

Two things I've learned in life are as follows one you are part of the problem or your part of the solution. Two you can give a man a fish and feed him for a day OR you can teach a man to fish and feed him for a life time. I've given a lot of these books to the juvenile court for the councilors, and took some to the prisons there should be only two things allowed in their cells one a Bible and the other is an occupational hand book. Once they have seen this they cant complane.Ive done something for God and humanity.

Good deal of information in this book, but does not substitute for really knowing your area job market and hiring opportunities. Best thing is check online to see what kind of jobs are available, who is hiring, and the kind of education and/or training is required. Also, some info in this book is more like a guideline and not always 100% correct. Again... know YOUR MARKET in your area!
